" " HOWARD F. HILL, 33°, Concord, N. H.  
" " FRANK LODGE, 33°, Detroit, Mich.

The Sovereign Grand Commander appointed for the Session the following brethren to fill the places on the committees of absentees from this Session, viz.: Ill.: Bro.: E. T. MALONE to the Committee on Jurisprudence and Legislation, in place of Ill.: Bro.: KERR, absent; and Ill.: Bros.: MALONE and MCARTHUR to the Committee on Doings of Inspectors-General and Special Deputies, in place of Ill.: Bro.: NELSON, deceased, and Ill.: Bro.: CHIPMAN, absent.

The Sovereign Grand Commander then delivered the Annual Address, as follows:

Illustrious Brethren:

Again we have assembled for the purpose of taking account of the work and progress of our Order during the past year and deliberating regarding our plans for the future. We have ample reason for gratitude to our Almighty Father that our ranks have since our last Annual Session been maintained almost unbroken. But on this account the single loss we have sustained seems to have been all the more accentuated and brought home to each of us as a personal bereavement. Ill.: Bro.: Albert Daniel Nelson was with us in Supreme Council a year ago and took part in our deliberations, though most of us then felt painfully apprehensive that the affliction he was laboring under might eventually prove fatal. Our forebodings were too well founded. As the Christmas festivities of the world at large were almost at their merriest, the shadow of death was darkening over the family of our dear brother, who died at East Orange, N. J., on 26th December, 1904, aged 61 years.

Brother Nelson was initiated into Masonry in Royal Albert Lodge, Montreal, 3rd April, 1867, and he became W. M. of that Lodge in 1894. He was for four years 1st Principal Z. of Royal Albert Chapter and became Grand 1st Principal Z., a position which he filled for the years 1892 and 1893. He was for many years active in Scottish Rite Masonry, and besides numerous other offices, he filled the position of Most Wise Sovereign of Hochelaga Chapter of Rose Croix for the year 1879. He became an Honorary Inspector-General in this Supreme Council in 1890, and a Sovereign Grand Inspector-General and active member of Supreme Council in 1892, and was afterwards elected

successively Grand Standard Bearer and Grand Marshal, which latter position he held at the time of his death. He meets with us no more on this side of the portals of Eternity, but we shall long continue to affectionately remember his bright and cheerful countenance, his amiable disposition, and his faithfulness to duty as one of the older members of Supreme Council.

Other jurisdictions have met with similar losses from the ranks of their membership:

#### NORTHERN MASONIC JURISDICTION, U. S. A.

Marquis Fayette King, Active Member and Deputy for the State of Maine, whose decease was mentioned by the Sovereign Grand Commander in his address a year ago. From the official notice which came to hand later, we learn that "the service of Ill.: Bro.: King in the Supreme Council commenced with his election as Deputy of the Supreme Council for the State of Maine in 1885, which position he held continuously from that time until the hour of his decease. Bro.: King's Masonic labors extended to all branches of the Fraternity from the Blue Lodge to the Supreme Council, and furnished ample evidence that he was an active member in fact as well as by title, and enjoyed in the highest degree the confidence as well as the respect and love of his associates."

John Cavan, who died on the 9th of March last.

Bro.: Cavan was one of the oldest members of the Supreme Council, being at the time of his decease one of the eight survivors of those who were members of the Council at the time of the Union effected in 1867.

His unquestioned integrity and unfaltering devotion to Freemasonry were rewarded by very rapid advancement. He entered the Rite in 1864 and was created an Active Member of the Supreme Council in 1866.

#### ENGLAND AND WALES, ETC.

Sir Reginald Hanson, Bart, LL.D., who departed this life on the 19th April last.

"V.: Ill.: Bro.: Sir Reginald Hanson was a distinguished member of the Masonic Body, he being appointed Junior Grand Warden of England and Grand Scribe N., Royal Arch, when he was Lord Mayor of London at the time of the Jubilee of her late Majesty Queen Victoria in 1887. He was Treasurer of the R. M. I. G. and Prov. Grand Mark Master for Middlesex and Past Grand Constable and G. C. T., Order of the Temple. He was for many years an active and enthusiastic member of the A. & A. S. Rite, and served on the Supreme Council from 1902. By his death the Order has lost a most active member and a true friend."

#### FRANCE.

Claude Gonnard, 33°, Docteur Medecin, T. P. S. G. Com. Honoraire, one of the most distinguished members of the Supreme Council. By his devotion, his activity, his integrity and good judgment he had reached the first rank among those who had served Free Masonry most faithfully.

The venerable brother was nearing the close of his seventh decade and was one of the most remarkable survivors of a phalanx of men of courage who had fought the good fight in difficult circumstances.

Ill.: Bro.: Liverani, for 50 years a Mason and for 10 years a member of the Supreme Council. Advancing years forced him to cease from active labors and the Council rewarded his services by conferring on him the honorary rank.

#### BELGIUM.

This Supreme Council has lost two of its most distinguished members in the persons of:

Alfred Henry Albert Baertson Morel, 33°, Chevalier of the Order of Leopold, who died on the 12th November, 1904; and

Emile Eugene Schaar, 33°, Commander of the Order of Leopold, who died at Brussels on the 3rd February, 1905.

#### SWITZERLAND.

This Supreme Council announces the death of Francis Pernoux, 33°, Grand Inspector-General and Member of the Supreme Council, who died June, 1905.

And of Nestor Villard, 33°, who died in July last after a long and grievous illness. Bro.: Villard was a member of the Supreme Council of Switzerland and the Grand Representative of the Supreme Council of Spain.

#### CUBA.

The Supreme Council of Colon, Cuba, announces the death on 23rd February of Eugenio Jose Ramon Amadis, 33°, Advocate and Active Member of the Council. Ill.: Bro.: Amadis became an Honorary Member of the Supreme Council in January, 1884, and an Active Member in March, 1900. He was well versed in questions of History and Masonic Jurisprudence, and had done excellent service to Masonry both in his Grand Lodge and the Supreme Council.

And on 23rd May, 1905, Miguel Gener Y Rincon, 33°.

Bro.: Gener was Sov. Gr. Commander of the Supreme Council for eight years, covering the period of the late war, and was forced to decline re-election owing to the pressure of public and private duties.

He occupied high public and social positions and was able to render signal service to Masonry in time of need.

#### MEXICO.

On 7th December, 1904, Luis Pombo, Grand Inspector-General, 33°, Member of the Chamber of Honor of the Supreme Council, Ex-Sov. Gr. Commander, and Grand Representative of the Supreme Council of Brazil.

On 5th February, 1905, Juan B. Reyes, Grand Inspector-General, Active Member of the Supreme Council and Grand Deputy for the Valley of Vera

Cruz, who had a distinguished Masonic career and was the founder of the United Grand Lodge of Mexico and Vera Cruz.

#### PERSONAL.

It is with keen regret that I am obliged to confess that the discharge of my duties during the past year has been almost entirely confined to mere business routine. About a month after our last meeting illness overcame me, developing into a nervous breakdown, which incapacitated me for work and imposed on me the necessity of absolute rest and quietude for the greater part of the intervening period. It is with profound gratitude that I find myself able to take my place in Supreme Council at this annual session and to feel warranted in assuring my brethren of sanguine expectations on my part to be very soon as well as ever and quite able to undertake a reasonable amount of visitation.

While unable to attend the meetings of either the Southern or the Northern Supreme Council, the gratifying opportunity presented itself to me last week of personally seeing Ill.: Bro.: Palmer 33°, Sovereign Grand Commander in the latter Jurisdiction, on the day following his eighty-sixth birthday, and of presenting to him my own as well as the congratulations of our Supreme Council, with sincerest wishes that he may live on for many years as a Nestor in the Rite which he adorns. I am quite hopeful that Ill.: Bro.: Palmer will yet visit Canada, if not during a Supreme Council Session, which takes place at an inconvenient time for him, perhaps at some of our Annual Re-unions.

#### BELGIUM CONVENTION.

The proposed convention of representatives of Supreme Councils at Brussels, which was to have been held last spring, has so far not taken place. The extended references made by my illustrious predecessor in his annual address a year ago, to the origination of the proposal by the Supreme Council of Belgium, the suggested programme of subjects for consideration and discussion, and the views of the several English-speaking Supreme Councils on both sides of the Atlantic, regarding the expediency of such a meeting, render it unnecessary for me to go back beyond where we left this matter at our last session. It having been intended by me to go to England during the Spring, I communicated with the Grand Secretary-General of the Supreme Council of Belgium intimating my intention of being present at the Congress, and representing Canada thereat. This action on my part was authorized by the expressed views of this Supreme Council when the matter was considered a year ago; but illness and my physician's protest prevented me from leaving home, and, as I have said, the Congress or Convention has not yet been held.

The following communication received by me from Ill.: Bro.: D'Alviella 33°, Sovereign Grand Commander of the Supreme Council for Belgium, speaks for itself and fully sets forth the present position of matters with reference to the proposed Congress:

Brussels, April 15th, 1905.

Dear and Most Ill.: Sov.: Gr.: Commander:

We regret having to inform you that circumstances oblige us to postpone the invitation for a general Conference of the delegates representing the different Supreme Councils of the S. A. and A. Rite.

We had received the formal acceptance of the Supreme Councils for the Southern Jurisdiction of the United States, for France, for Mexico, for Switzerland, for Italy, for the Argentine Republic, for Central America, for Cuba (Colon). Words of sympathy and encouragement for our scheme had been forwarded by the representatives of the Supreme Councils for Ireland and Scotland. Both the Supreme Councils for the Northern Jurisdiction of the United States and for Canada had "authorized their respective Grand Commander to appoint at his discretion three delegates who should represent the Supreme Councils at the Convent of 1905."

It is under those conditions that we heard of the refusal of the three Supreme Councils, 33°, for the British Isles to take part in—or even to discuss in common the principle of—the projected meeting.

We resolved last month to make a last appeal to these three Supreme Councils, in order to induce them to reconsider their resolution, adding that, although we had no knowledge of what their objections might be, we were quite willing should they deem it convenient:

1. To postpone the meeting for a year;
2. To make in the programme of the Conference any alterations they should suggest;
3. To state that the delegates should belong to the Body which chose them;
4. To add that the opposition of the delegates of three Supreme Councils should prevent any vote to be carried.

We concluded thus our letter: "To sum up, we can not believe that you might object to meeting, on common ground, in order to discuss the welfare of the Rite, the delegates of the Bodies with which you already exchange Representatives. What we ask from you is to tell us under what conditions you would accept such meeting, which could, at least, have the result of promoting our mutual feelings of sympathy and good will."

Four days later we received from the Most Ill.: Bro.: Tower, Secretary to the Supreme Council of England, Wales and Dependencies, the following letter:

"March 22nd, 1905.

"M. Ill.: and Dear Sir and Brother:

"I am directed by the Supreme Council, 33°, to thank you for your letter of the 18th inst.

"The Supreme Council regret that they cannot alter their former decision about the proposed Conference, as they are strongly of an opinion that it could not lead to any satisfactory result with regard to the subjects which you name.

"With fraternal regards, etc."

If we had received a favorable answer from all the Supreme Councils of North America, we might have nevertheless proceeded with our preparations. But as we could not foresee the decisions of the Sov. Grand Commanders for the Northern Jurisdiction of United States and for Canada, we thought it wiser to postpone the invitations for the Conference. Of course, we could do, although deeply regretting it, without the participation of a few Supreme Councils, even amongst the most important. But we feel we owe to the Brethren who are willing to undergo a long and tedious voyage in order to meet us, the assurance that they would find here the representatives of at least the great majority of our sister Supreme Councils. Besides, we are conscious that a too small attendance would not realize the object of the Convention and might even endanger our aims.

We tender our deepest and warmest thanks to the Supreme Councils which, understanding the importance of the case, have given us their adhesion or even simply their sympathy. It remains now with them to decide whether the proposed Conference will take place or not, next year. We remain at your disposal, believing more than ever that a concerted action, or at least an exchange of views, has become a necessity, in order to foster the bond of fraternity between the regular authorities of the S. A. and A. R. and to inaugurate an effectual policy of defense against the spurious organizations that try to break the unity of our Rite.

For the rest we can only refer to our preceding letters where we tried to sketch the programme of the Conference.

We hope you will be kind enough to let us know your opinion on the present state of the question.

We should be glad also to receive the opinions of your Supreme Council concerning the different points we suggested, in our circular of August 10, as a possible basis for the programme of the Conference.

So far we have only received such detailed answers from the Supreme Councils of Central America and for the Argentine Republic. Perhaps, if we were in possession of an answer, concerning these points from all our sister Supreme Councils, we could draw from them a platform that would dispel all preventions and clear the ground, so as to obtain a more general adhesion to the meeting of a Convention. Even if this Convention should not take place, such an exchange of ideas, concerning the vital interests of our Rite, might lead to some good results towards fostering its unity of organization and action.

Saluting you by the sacred numbers, we send you the Masonic assurance of our most fraternal feelings.

The Gr.'. Chan.'. Sec.-.Gen.'

Charles Janssen, 33°.

The Sov.'. Gr.'. Com.'

Comte Goblet D'Alviella, 33°.

A general Masonic Congress of representatives of Masonic Grand Lodges was held at Chicago in the year 1893, during the great exhibition known as the World's Fair at that city. As the Grand Master for the time being of the Grand Lodge of Canada in Ontario, I attended this notable gathering of eminent Masons, was honored by election as Vice-President thereof, and fortunate enough to have as my colleague in representing the Grand Lodge of Canada, Ill.'. Bro.'. J. K. Kerr, 33°. Though perhaps it cannot be said that definite results of a practical nature were reached, there certainly was a comparison of notes in regard to many matters of general concern. Very able discussions took place regarding matters of fundamental importance, and conclusions were arrived at which, though not binding on any Grand Lodge represented at the Congress, had the force of strong Masonic sanction. But apart from the business aspect of the Congress, it was considered that the mere meeting together of representative brethren, who in many cases had known and been known by one another as Masons of high repute and distinction, the several features naturally connected with such a gathering and the advantages of personal acquaintance on the part of distinguished leaders in Masonry—all engaged in a common cause in their several and respective jurisdictions—could not but be productive of advantageous and useful results. I have made this reference to the World's Masonic Congress because it has seemed to me that the same considerations might well enough apply to the proposed meeting of Supreme Councils' representatives at Brussels. The unwillingness of the Supreme Councils of England, Ireland and Scotland to be represented and take part in the proceedings at such a meeting apparently caused the postponement for the time being at least, if not entire abandonment of the proposal. Seeing that the Southern and Northern Jurisdictions of the United States and of Canada, representing a very large proportion of the English speaking world, have favorably entertained the proposal from Belgium, the unexplained negative attitude towards the same on the part of the three Mother Country Supreme Councils cannot but be regarded with some measure of disappointment. Presumably, if the meeting at Brussels has been merely postponed, the action already taken by the Supreme Council will apply if such a meeting should be held during the approaching year.

#### SPAIN.

We were informed by our representative near the Supreme Council of Switzerland that the Supreme Council of Spain, whose Secretary-General was E. C. DePuga, No. 27 Libertad Street, Madrid, no longer exists; and that there is not known in Spain any body whatever connected with the office at Libertad Street.

In this connection a circular has been received from the Supreme Council of Switzerland announcing that the Supreme Council of the Thirty-third Degree for Spain, whose See is at Madrid, Pretil de los Consejos, No. 5, has been recognized as a confederated Masonic power of the A. and A. S. Rite.

The Sov. Gr. Commander of this Supreme Council is Ill.: Bro.: Moreyta, Member of Parliament.

This circular further asks us to enter into relations with this new power and to proceed to exchange accredited representatives.

To this request the Supreme Council of Belgium objects that there is in Spain a regular recognized Supreme Council with which not only the Supreme Council of Belgium, but also the greater number of the regular Supreme Councils are in official relations of amity, and retains on its list of Supreme authorities of the ancient and accepted Scottish Rite, the Supreme Council of Spain, with Sov.: Gr.: Commander Jose Marques, and Grand Secretary E. C. DePuga, 27 Libertad Street.

The Supreme Council of England has apparently not decided in this matter, as it leaves a blank after Spain in its list of Supreme Councils in Amity.

The Supreme Council of France, on the other hand, gives among the Supreme Councils in relation of Amity that of Spain, address 5, Pretil de los Consejos, Madrid, and T.: P.: Sov.: Gr.: Commander Moreyta.

#### EGYPT.

A communication of importance, dated 8th September last, was received by me from Ill.: Bro.: Sakakini, 33°, Sov. Grand Inspector-General and Seal Keeper of the Supreme Council in Egypt, sitting at Alexandria, and Grand Representative of France near their Supreme Council in Egypt. He claims that the Supreme Council presided over by Idris Ragheb, Grand Master of the Grand Lodge of Cairo, and the Supreme Council of Cairo, are spurious and irregular, and that the Alexandria body, represented by him, are the "hereditors" by filiation of the Supreme Council existing in Egypt at Alexandria since 1871," which has been legalized by the Supreme Council for Italy sitting at Torino during the presidency of M.: P.: Sov.: Gr.: Com.: Alexander De Miblitz, 33°, and as to which the Supreme Council of Charleston has corresponded with the Supreme Council of Italy regarding its regularization. He alleges that Bro.: Idris Ragheb is not Scottish, but is Memphitic, and cannot be recognized; that in ignorance of Masonic jurisprudence he has been deceived by his counsellors, who have taken an unfair advantage of him. The other body, presided over by Bro.: Abbate Pacha, Sovereign Grand Commander, is said to have been constituted under a questionable charter irregularly obtained from Madrid. The whole Masonic situation seems to be complicated and even chaotic. Bro.: Sakakini asks that this Supreme Council shall make enquiries from the Supreme Councils of France and Belgium

in full confidence, that the information received will establish the legitimacy of the Alexandria body which he represents.

It is worthy of remark that, among the Supreme Councils in Amity with that of England, Egypt is named, with Dr. Onofrio Abbate Pacha as Sov. Grand Commander and Idris Bey Ragheb as England's representative.

The questions involved will, I am sure, receive ample investigation and consideration by Past Sov.: Grand Commander Ellis, 33°, Chairman of our Committee on Foreign Relations.

#### OTHER FOREIGN MATTERS.

In August last I was informed by the Secretary-General of the Supreme Council of Central America that our representative near that Supreme Council, Ill.: Bro.: Clemente Chavarria, had ceased to reside in Guatemala, and that this Supreme Council would be pleased to have that of Canada select another representative. A proposed list was submitted, from which I selected Ill.: Bro.: John H. Arton, 33°, Secretary-General, as our representative near that Supreme Council. Our Secretary-General forthwith informed him of his appointment and he has replied, duly accepting the same.

The position of representative of our Supreme Council near that of Peru is vacant owing to the death of our Bro.: Marshall, and steps will at once be taken to fill the vacancy.

We have no representatives near the Supreme Councils of Greece, Colombia and Portugal, while Greece, Portugal and St. Domingo are not represented near the Supreme Council of Canada.

In this connection it is well to recall a suggestion made by the late Sov.: Gr.: Commander Murton, and repeated by Past Grand Commander Stearns, that a good purpose would be served if the Brethren who are representatives would open up and maintain a correspondence with the Supreme Councils they represent. Let me quote two paragraphs:

"Some years since one or more of the representatives near this Supreme Council did this and much interesting information was obtained of Masonic doings and happenings in other countries, which would not otherwise have come to our knowledge."

"I therefore suggest to and request the representatives of foreign Supreme Councils near us to open up a correspondence with our representatives near these Supreme Councils, and impart the information they obtain from time to time to the Council."

The Committee on the Grand Commander's address all concurred in the observations contained therein as to the advantages that might flow from a general effort on the part of representatives near us, to put themselves on a corresponding basis with our representatives abroad, so that something of the nature of a co-operating connection with all these Supreme Councils would in this way become an established system.

## HOME AFFAIRS.

Conditions in our own jurisdiction, I am glad to say, are in that happy state which leaves little to be said about them. Times of peace in all ages have made fewest contributions to written history. Everything is in a state of tranquility. Earnest, strenuous, but quiet work is being pushed forward all along the line. As silently as daylight comes and dispels the darkness of night, so unostentatiously is Scottish Rite Masonry throwing around our fellow men its benign uplifting influence.

Early in April a communication reached me from Ill.: Bro.: Seymour, our Special Deputy for British Columbia, inquiring whether a petition for a Consistory would be received if signed by the proper number of Members of that degree, as required by Section 47 of the Statutes and Regulations, but not all resident in the Province of British Columbia, the form of petition for dispensation or warrant given in the Appendix seeming to assume residence in the Province as an essential prerequisite.

I gave this question careful consideration, and, though not without some doubt, came to the conclusion that a dispensation might be granted. The Statute referred to does not seem to require that the twelve petitioning members shall be actually resident at the time of petitioning. The form of petition given in the Appendix certainly does contemplate residence, but I do not regard the form as of statutory force, or more than a suggested form to be followed. I accordingly instructed the Secretary-General to advise the Deputy to proceed with the petition.

The petition reached the Secretary-General in due time, accompanied by the following recommendation from Ill.: Bro.: Seymour, our Special Deputy:

"I am forwarding to our Ill.: Sovereign Grand Commander through you a petition signed by the requisite number of Princes of the Royal Secret begging that a dispensation be granted for a Consistory to be established in Vancouver, British Columbia.

"It affords me a great deal of pleasure to send this and recommend that the petition be granted. I do not know of any body of Princes of the Royal Secret who are entitled to greater consideration at your hands than these who are making this request. I can assure every member of the Supreme Council, as well as our Illustrious Sovereign Grand Commander, that these Brethren are the equals of any similar body of Masonic Brethren in this jurisdiction.

"Trusting that the petition will receive your serious consideration and that the same will be granted, etc."

This petition was signed by the following Illustrious Brethren: J. R. Seymour, 33°, J. E. Miller, 32°, Edward Douglas, 32°, Harry H. Watson, 32°, D. M. McKay, 32°, J. W. Prescott, 32°, J. W. Horn, 32°, Charles Wilson, 32°, R. F. Green, 32°, E. E. Chipman, 32°, J. T. Carroll, 32°, Wm. Downie, 32°, and Benjamin Allen, 33°, and asked to be granted a dispensation to open a Consis-

tory to be located in Vancouver, British Columbia, and to be named British Columbia Consistory, of which Joseph Richard Seymour, 33°, is to be the 1st Commander-in-Chief, Joseph E. Miller, 32°, the 1st First Lieutenant-Commander, and Harry Holgate Watson, 32°, the 1st Second Lieutenant-Commander.

The enthusiasm of the Vancouver Brethren was much intensified by the prospect of having with them at the inaugural meeting Ill.: Bro.: Allen, who has done so much on many occasions to further the interests of Scottish Rite Masonry in the West, and Ill.: Bro.: Roaf, who, I think, was taking his first occasion to make himself known Masonically to those far distant brethren.

One of their first notices contained the names of twenty-six candidates for the degrees 19th to 32nd.

Their first return to this Council is accompanied by registration fees for nineteen new members and dues for a total membership of thirty-two.

If anything further were necessary to justify the action taken in establishing this new body of the Rite, we have it in Bro.: Allen's assurance that the step was a wise one and that the enthusiasm and progressive spirit of those far western Brethren deserve this at least at our hands.

But this is only one instance of the vastness of western ideas: Vancouver Chapter has registered twenty-one new members, Vancouver Lodge of Perfection twenty-six, Bethesda Chapter at Winnipeg has seventeen new members, and Winnipeg Lodge of Perfection forty-six.

But the far west has not all the honor; the near west is manifesting the same progressive spirit, and we have the London Chapter returning thirty-eight new members, and London Lodge of Perfection capping the climax with fifty-three, perhaps the largest registration recorded in a single year in any body in our jurisdiction.

The lodges in the rest of Ontario, aggregated, show a slight increase in the number registered over that of last year, while farther east, on the whole, the registration is slightly less. The increase over last year throughout the Dominion is about twenty per cent.

Perhaps the most gratifying increase is in the Rose Croix Chapter registration, which is nearly double that of last year.

The Consistories have more than held their own, but would not have done so had it not been for the new body in British Columbia.

The total registration of new members in all the thirty-four bodies of the Rite is about 460, as compared with 350 last year.

This is a very gratifying increase and shows, I think, that the Rite is becoming more firmly established the better it is known.

## ALBERTA AND SASKATCHEWAN.

The two new Provinces of Alberta and Saskatchewan have been launched upon a career of rapid growth and development, and in the near future will be thickly settled by an industrious and thriving population. The Lodge of Perfection established at Edmonton has already justified its existence and doubtless may be relied on for a prosperous future record. We may reasonably turn our eyes towards these new and growing communities and associate with them ideas of future greatness, visions of successfully established, well ordered, and efficiently equipped bodies of our Order, but we must not impatiently seek to force the growth of the Rite, though the soil may be fertile and easily productive. We must rather wait patiently for the time to arrive when the evolution of spontaneous and natural effort shall produce results both satisfactory and permanent.

The usual re-unions have been had at Hamilton, London and Ottawa, with in each case successful and pleasurable results.

It has been gratifying to observe the tendency on the part of some of the bodies to gradually take in an additional number of the degrees for working in full. Not only are the meaning, objects and lessons in this way more fully and impressively conveyed to candidates, but the most useful purpose is served of interesting a much larger number of members in becoming familiar with working the ritual. All cannot be experts, but it is important that an intimate knowledge of the meaning and purpose of the various degrees should be as general among the members of the Rite as is reasonably possible.

The degrees are numerous and the vows and pledges to which we are subjected are so exacting that oftentimes a feeling akin to despair takes possession of us in our feeble attempts at fulfilment thereof. But, my Brethren, if we cannot come up to the standard of morality and excellence laid down for us, if human nature is weak and our best efforts seem to us ineffective and fruitless, if time after time we find ourselves wandering off into forgetfulness and indifference as to obligations we have assumed in relation to the discharge of our daily duties throughout life, and if we sometimes feel overwhelmed by the comparison of our feeble endeavors to live up to our professions with the actual realization to which we may lay claim, let us nevertheless be not discouraged and cast down, but, rather, strive on and patiently persevere. Let our aspirations be lofty and noble, aiming towards a practical realization of the principles and tenets we have bound ourselves to be guided by, and if our failure may appear disappointing and even humiliating, the disposition and desire to have achieved success will nevertheless meet with its reward.

Peers and Brethren, Sovereign Grand Inspectors-General, let us in our deliberations in Supreme Council never fail to appreciate the weight of responsibility resting on us as the Chiefs of the Rite, and may our proceedings and conclusions be characterized by wisdom and prudence.

J. M. GIBSON, 33°,  
Sov. Gr. Commander.

On motion of Ill.: Bro.: ELLIS, seconded by Ill.: Bro.: MACKAY, this address was referred to a Special Committee, to be appointed by the Sovereign Grand Commander.

The Sovereign Grand Commander appointed, as a Special Committee on the address, Ill.: Bros.: HUGH MURRAY, W. H. THORNE and C. W. HAGAR.

The Annual Report of the Secretary-General and that of the Treasurer-General were presented, and read as follows:

### Treasurer-General.

On motion of Ill.: Bro.: MACKAY, the report of the Secretary-General and of the Treasurer-General were referred to the Committee on Audit and Finance.

The Committee appointed at the last meeting of Supreme Council to present an address to Ill.: Bro.: ISAAC HENRY STEARNS, Past Sovereign Grand Commander, expressing the high respect of the members of the Rite, and their acknowledgment of his services, submitted the following report:

To the Supreme Council A.: & A.: Scottish Rite for the Dominion of Canada:  
Illustrious Brethren:

The Special Committee appointed to procure and present to Ill.: Bro.: Stearns a testimonial expressive of the appreciation of the Supreme Council of his valued services to the Rite, extending over many years, inclusive of his six years' occupancy of the chair of Grand Commander, report that it attended to the duty assigned. The testimonial took the form of service of silver plate in an oaken chest, suitably inscribed, and was a present which the Supreme Council might properly give to a Brother who had served it long and faithfully, and was worthy of the Brother's acceptance. The formal presentation was made in the city of Montreal, on May 17, at a meeting of Hochelaga Chapter of Rose Croix, in the presence of the Committee, of the Grand Chancellor, Ill.: Bro.: Murray, who went to Montreal for the purpose, of Ill.:

Bros.: Hagar, McDougall, and Raynes, and of many of the Brethren of that city. Ill.: Bro.: Stearns acknowledged the gift of the Supreme Council in observations tender, graceful and eloquent.

The Committee had the pleasure of witnessing the conferring of the Order of Rose Croix by M.: W.: Sovereign J. Alex.: Cameron, and his officers, in a manner which effectively developed the beauties of the Order. Congratulatory observations were made by many of those who were present, and there was a general expression of satisfaction at the good will of the Supreme Council to a Brother whose interest in Freemasonry has been long and generously displayed in Montreal and who is warmly esteemed by the Brethren there as elsewhere. The formal proceedings over, the Committee were the guests of Hochelaga Chapter in their refectory.

Fraternally submitted,

JOHN V. ELLIS,  
B. TOOKE,  
WILLIAM GIBSON.

This report, on motion of Ill.: Bro.: ELLIS, seconded by Ill.: Bro.: MACKAY, was received and adopted.

The following reports of the Deputies of the Supreme Council for the different Provinces were then read:

#### ONTARIO.

To the Supreme Council A.: &A.: Scottish Rite for the Dominion of Canada:  
Illustrious Brethren:

I regret very much that absence from Canada will prevent my attendance at the meeting of the Supreme Council, the first one that I have not been present at since I have had the honor of being a member of this distinguished body.

I have great pleasure in reporting that Scottish Rite Masonry throughout the jurisdiction of which I have the honor of being Deputy is in a most flourishing condition, and the greatest interest is being taken in its welfare, rapid yet conservative progress is being made in its membership, and its influence for good is felt in every Masonic centre where other branches of Masonry are in a healthy condition. Active members in Lodge and Chapter are also to be found taking an active and prominent part in Scottish Rite Masonry.

It is likewise gratifying to bring to the attention of Supreme Council the successful re-unions held in the cities of Hamilton, London and Ottawa, for which special dispensations were asked for, many of which I granted, having an intimate knowledge of the conditions and reasons for doing so. In every case I was firmly convinced they were in the best interests of the Order.

Dispensations were also granted by me to Moore Sov. Consistory, Hamilton, for election of Treasurer; Royal City Lodge of Perfection, Guelph, to install officers at meeting held on 17th April; Ottawa Lodge of Perfection to confer the degrees of the Lodge on Bro. Dr. Norman Taylor at emergent meeting on June 19th, he having been previously accepted. Dr. Taylor was formerly a resident of Ottawa, but is at present living in British Columbia, 1,000 miles from Vancouver.

#### OTTAWA.

The Annual Re-union held on March 8th and 9th was a most successful one, and a large number were admitted to the Lodge of Perfection and Rose Croix Chapter. Scottish Rite Masonry is very popular in the Ottawa Valley and much of its prosperity is due to the zeal of Ill.: Bros.: Butterworth, McArthur and Luke, 33°, who are supported by acting and able officers, who have the best interests of the order at heart, and are constant and active in their efforts to keep up the high standard they have attained.

One of the pleasures to members of the Rite attending the sessions of Parliament is the receipt of notices inviting them to attend the meetings of the bodies in the Ottawa Valley, a pleasure which they appreciate most fully, were one to judge from the frequent visits made by the Senators and Members of Parliament.

At their beautiful Easter services this year a very able address was delivered by Sov.: Pr.: John R. Reid, 18°, which was most suitable to the occasion and worthy of our Brother's head and heart.

#### LONDON.

A very successful Re-union was held on February 15th and 16th, and the work was done in a most satisfactory manner by the London Brethren. A large addition was made to the membership of the Lodge and Chapter. Owing to a change in the date of the meeting I was unable to attend, but from personal knowledge, and from other visits made by me as Deputy, I am pleased to be able to say that Scottish Rite Masonry is in very able, energetic and enthusiastic hands, brethren who take an active and earnest interest in the work of both Lodge and Chapter.

#### TORONTO.

I attended the regular meeting of Toronto Lodge of Perfection on April 7th officially, accompanied by Ill.: Bros.: Ballard, 33°, Secretary-General, Howell, 33°, Freed, 33°, and George Moore, 32°, who came down from Hamilton to attend the meeting with me, and we were received in a most kindly and fraternal manner by the officers and members of the Lodge.

The work of Intimate Secretary, 6°, was beautifully done by Ill.: Bros.: Eakins and Glanville, 33°, and officers, whilst the degree of Provost and Judge, 7°, was conferred by Ill.: Bro.: L. F. Riggs, 32°, in a most impressive, able and dignified manner.

In my report of last year I made special mention of the beautiful rooms and their equipment. Many new and marvellous improvements have been made by Ill.: Bro.: Riggs, who is highly gifted in the art of illumination and decoration.

It is most gratifying to report that the Rose Croix Chapter, as well as the Lodge of Perfection, has attained a very high standard of excellence in every particular, not only as to the conferring of degrees, but in the high ideal their members have of Scottish Rite Masonry. The Lodge of Perfection's balance sheet shows assets of nearly five thousand dollars, and outstanding Lodge dues of only seventeen dollars, a result largely due to its class of members and the zeal of its excellent Secretary, Ill.: Bro.: Riggs.

Easter services were held as formerly, and on the afternoon of Easter Sunday an able and instructive address was delivered by the Rev. Canon Cody, D.D., Rector of St. Paul's Church, Toronto, appropriate to the occasion.

The members of the Scottish Rite of the City of Toronto tendered a complimentary banquet to our illustrious and well beloved brother, Benjamin Allen, on Dec. 3rd, at the King Edward Hotel, on his election as the Grand Master of the Grand Lodge of Canada in the Province of Ontario, it being also the fiftieth anniversary of the birth of our distinguished brother. A beautiful gold watch and address were presented by Ill.: Bro.: Glanville, 33°, on behalf of the Scottish Rite Masons of Toronto, with the wish for a long and happy life, a sentiment that will be concurred in by every member of Supreme Council.

#### HAMILTON.

The Annual Re-union of all the bodies of the Rite in the Valley of Hamilton began on the last day of January and finished with its usual banquet at the close of the work on the second day of February, 1905. The attendance during the various degrees was very large, a deserved compliment to the officers and workers who made the Re-union more deservedly popular and interesting than ever. All the degrees, both in the Lodge of Perfection and Rose Croix Chapter, were worked in full, and in Moore Sovereign Consistory the 20th, 27th, 30th, 31st and 32nd degrees were likewise conferred in full ceremonial.

Brother Babcock, the Nestor of Scottish Rite Masonry in Ohio, and the popular Deputy for the State, with some 22 brethren from Cleveland, paid their annual visit to Hamilton, and, as formerly, added interest to the Re-union. One of the leading features of the gathering is the fact that meeting our brethren from the United States has done much to create and strengthen the bonds of union between Canada and the United States.

Ill.: Bro.: Jams I. Buchanan, 33°, the Deputy for Pennsylvania, another brother greatly beloved by the Hamilton Masons, being born near that city, with some 48 members of the Rite in that State, also were in attendance.

Several of them made a most favorable impression, and we look forward to their visiting us on the occasion of another Re-union.

Ill.: Bro.: Horace A. Noble, 33°, of Buffalo, brought one other member of the Supreme Council of New York State with him from Buffalo. It is to be regretted that so very few came with him, but hope he may succeed better in future, as Bro.: Noble is always a welcome visitor to Hamilton.

At the annual banquet held in the New Royal Hotel, after the close of the Re-union, Ill.: Bro.: George Arnold, on behalf of himself and the delegation from Cleveland, Ohio, presented Ill.: Bro.: Hugh Murray and myself with a loving cup, and I am certain the Grand Chancellor appreciates as highly as I do the kindness of our Cleveland Brethren.

Easter services were held as usual in the same impressive manner as in former years.

At the meeting of Murton Lodge of Perfection held on the 2nd of May last, the brethren made the occasion a memorable one by presenting to Ill.: Bro.: J. M. Gibson, 33°, a very handsome jewel, "The Grand Decoration of the Order," to commemorate the appreciation of the Hamilton Scottish Rite Brethren of the action of the Supreme Council in electing him M.: P.: Sovereign Grand Commander of that illustrious body.

#### GUELPH.

Royal City Lodge of Perfection, Guelph, has been making good progress during the past year, and is now in good hands, and everything points to a prosperous future.

#### KINGSTON.

Scottish Rite Masonry in Kingston is progressing and I am in hopes that the bodies of the Rite will be in good working order in a very short time, as the Ill. Brethren who are taking the leading part in putting new life into the Lodge and Chapter are sure to succeed.

I have been unable to visit Barrie this year. It is my intention, however, to see what can be done to give the Lodge and Chapter a new lease of life.

It was my good fortune to be able to visit Cleveland and Buffalo Re-unions, and the Supreme Council of the Dominion of Canada occupied a prominent place upon the toast list, to which I had the honor to reply. The bodies of the Rite in both of these cities are in a most flourishing state; in fact, Scottish Rite Masonry has attained a very high and prominent position in all the States of the Union.

In conclusion, I desire to thank the members of the Rite in the Province of Ontario for the uniform kindness and courtesy shown to me in my official capacity, to the Grand Treasurer and Secretary-General for their promptness and assistance, and to the Honorable Senator Ellis I am under many obligations for his able advice so freely given me whilst in Ottawa.

To the members of Supreme Council I am under many obligations, and I hope and pray for a happy and successful session.

Fraternally submitted,

WILLIAM GIBSON, 33°,

Deputy for Ontario.

Peterhead, Scotland, October 3rd, 1905.

To the Supreme Council A.: & A.: Scottish Rite for the Dominion of Canada:  
Illustrious Brethren:

In submitting my report for the past Masonic year, it ought to be gratifying to Supreme Council, as well as a genuine pleasure to members of the Rite in the Province that I have the honor to represent, to again report the different bodies prosperous, the members universally fraternal and all enthusiastic in their interest. The gradual increase in members in recent years may suggest the thought that we are making Scottish Rite Masons too fast, that possibly the outer gates are not securely guarded. May I say we entertain no such questionings—rather do we believe the Order is more wisely accomplishing its high purpose than ever before, the best evidence being increased interest in the work and the large attendance at our different convocations. In carrying on our work we endeavor to impress upon our candidates the undesirability of hurry and rush as being detrimental to the ordinary process of assimilation, which is so necessary to a reasonable conception of the beautiful lessons of the Rite. In the selection of material we endeavor to favor those who can look every member in the face, shake him by the hand, and with all the earnestness of his nature call him brother. Aspirants are not wanting, but each and every one must possess the qualifications adopted by our conservative system. To-day we believe we have a fraternity which when tried will not be found wanting.

The past year has had its seasons of joy as well as of sorrow. Since we last met one who was very dear to us has been called to his long rest. His loveable disposition was known not only to his brethren, but to mere acquaintances. By the death of Illustrious Bro.: Albert Daniel Nelson we miss the face of a warm friend, Supreme Council loses the advice of a most worthy Scottish Rite Mason, and our fraternity at large one whose memory will be revered by all who ever had the pleasure of his acquaintance.

In May last we called a special convocation of Rose Croix Chapter to exemplify the 18th degree before members of Supreme Council who might favor us with their presence and to carry out the wish of Supreme Council by presenting to Past P.: S.: G.: Commander Stearns a silver dinner and tea service. Past P.: S.: G.: Commander Ellis and Ill.: Bros.: Hugh Murray and Wm. Gibson favored us with their company, paying eloquent tribute to the worth of our beloved veteran in Freemasonry. The occasion was a joyous one,

many happy thoughts were exchanged, and I believe it was then the idea originated to invite different bodies to share in the work at the annual re-union in Hamilton. Ill.: Bro.: Stearn's acknowledgment was clothed in very happy language, and his reminiscences were instructive and full of interest. May he be spared to us many, many years to encourage and advise.

During the year the Lodge of Perfection met three times, admitting twelve aspirants, who received the degrees 4th to 14th in an impressive manner. The attendance at these meetings was the largest known at any Scottish Rite meeting in the Valley of Montreal. Rose Croix Chapter had three meetings, two obligatory and one emergent. The work done by this body evidently meets with general approval, as the officers have been selected to exemplify the 18th degree at the annual re-union in Hamilton. The Consistory met twice, advancing a number of deserving brethren. May I say the Consistory, the Rose Croix Chapter, and Lodge of Perfection are officered by brethren who deserve all the praise we can extend to them. They are enthusiastic Masons and one cannot say more without being superfluous. Dispensations were granted only for good and sufficient reasons, the annual returns have been duly forwarded, and I once more express the hope that the coming year will be one that will reflect credit on the Ancient and Accepted Scottish Rite in the Province of Quebec.

The whole fraternally submitted.

B. TOOKE,

Deputy for Quebec.

To the Supreme Council A.'. & A.'. Scottish Rite for the Dominion of Canada:  
Illustrious Brethren:

It gives me very great pleasure to be able to report that the brethren have shown more interest in the Rite during the past year, and as a result considerable work has been done; eight members being added to the Lodge of Perfection, seven to Harington Chapter of Rose Croix, and five to the Consistory.

Though the returns in the Lodge of Perfection show an addition of eight, the loss through death of three, and from other causes five members, leaves the number the same as reported on Aug. 31, 1904; but in the Harington Chapter of Rose Croix, and the Consistory, we have made a net gain of two members in each, so that the membership in the Rite for this province now numbers 194.

It is with feelings of regret that I have to report the death of the following brethren: William H. Fownes, 18°, Oct. 11, 1904; Walter H. Allan, 18°, March 9, 1905; and George D. Frost, 18°, May 17, 1905.

During the year, for good and sufficient reasons, I granted seven dispensations to confer degrees, the returns for which have been duly forwarded to the Secretary-General.

Now that the brethren are showing an increased interest in the Rite, it has been suggested (and I trust we may be able to carry out the suggestion)

to adopt the plan which has proved so successful in the Province of Ontario, of holding "Annual Re-unions," as I believe this would be the means of creating a deeper interest and a closer connection with the Rite among the brethren throughout the whole province.

I regret that most important business engagements will prevent my being present at this meeting of the Supreme Council.

Fraternally submitted,

JOHN D. CHIPMAN, 33°,

Deputy for New Brunswick.

St. Stephen, Oct. 20th, 1905.

To the Supreme Council A.'. & A.'. Scottish Rite for the Dominion of Canada:  
Illustrious Brethren:

I have the honor to submit my annual report as Deputy for the Province of Nova Scotia.

The returns of the several bodies have been duly forwarded to the Secretary-General, in accordance with the requirements of the Statutes.

I had the pleasure of visiting the different bodies, under my jurisdiction, during the past year, upon more than one occasion. I am pleased to be able to report very favorably as to their healthy condition and good prospects for the future.

Owing to Halifax being a naval and military station, a large number of officers of these branches of the British service have from time to time become members of the different bodies of the Rite in this jurisdiction. After leaving this station their names have been retained upon our roll of membership, although having become entirely lost to us as active members. It has now been thought advisable to strike off their names from the roll of membership, in consequence of which 19 have been withdrawn from the Victoria Lodge of Perfection, 16 from the Keith Chapter Rose Croix, and 3 from the Nova Scotia Consistory. Notwithstanding this reduction in membership, these bodies were never in a better condition financially, and their officers are looking forward to a greatly increased membership during the incoming year.

I regret very much, that owing to the pressure of business, I will not be able to attend the meeting of the Supreme Council at this time, but wish you a very enjoyable and profitable session.

Fraternally submitted,

ALEX. STEPHEN, 33°,

Deputy for the Province of Nova Scotia.

Halifax, N. S., October 23, 1905.

To the Supreme Council A.: & A.: Scottish Rite for the Dominion of Canada:  
Illustrious Brethren:

In submitting my annual report as Deputy for Manitoba and Northwest Territories, I am pleased to be able to state that the bodies of the Rite in Winnipeg are prospering. During the past year the Lodge of Perfection initiated 46 new members, the Chapter 17, and the Consistory 10. The best of feeling prevails among the members. Meetings are well attended, and the degree work is well done.

With regard to Edmonton Lodge of Perfection, I have to report that they meet regularly every month, besides meeting for rehearsals. Their books are well and regularly written up. They have added seven new members to the list during the past year, and Supreme Council may well be pleased with the record of the youngest Lodge in the jurisdiction. I would recommend that a charter be granted them.

Yours fraternally,

JOHN McKECHNIE, 33°,  
Deputy for Manitoba and Northwest Territories.

Winnipeg, Man., Oct. 13, 1905.

To the Supreme Council A.: & A.: Scottish Rite for the Dominion of Canada:  
Illustrious Brethren:

The wheel of time adds another mile post to our record. We have advanced three to the 18 degree, viz., Rev. Thomas Fraser Fullerton, John W. McPhee, and Alfred A. Lefurgey, M. P.; the latter, through the kindness of Murray Chapter Rose Croix, at Ottawa, had the degrees 15th to 18th conferred upon him by our request on the 9th day of March last, as he was there attending Parliament. Sov.'. Prince Rose Croix Fullerton delivered the Easter address for us. In our small jurisdiction little has occurred during the past year to take up your attention. Harmony and peace prevail in the valley of this jurisdiction. The returns and dues from our bodies have been promptly forwarded, and I trust are found satisfactory.

I regret very much that I will not be able to attend this meeting of the Supreme Council. I trust, however, that Ill.: Bro.: D. Darrach, 33°, will be able to attend and make up for my absence. May the guiding hand of Providence overrule and guide your deliberations for His own glory and the prosperity of the bodies of our Rite throughout the Dominion.

Fraternally submitted,

R. MACNEIL, 33°,  
Deputy for P. E. Island.

Charlottetown, P. E. Island, October 9, 1905.

To the Supreme Council A.: & A.: Scottish Rite for the Dominion of Canada:  
Illustrious Brethren:

It is with considerable pride and satisfaction that I am able to submit this my 5th annual report, which will convey to you the knowledge of the final act bringing into existence the three branches of A.: & A.: Scottish Rite in my jurisdiction.

On May 19th, several Sublime Princes of the Royal Secret met to discuss the advisability of asking for dispensation to open a Consistory for British Columbia in Vancouver, believing that the time was now ripe for such a move. After weighing the subject very carefully and considering the advances made by the Lodge of Perfection and Rose Croix Chapter during the past two years, and the bright future before it, it was resolved to take immediate action.

The brethren assembled, then formed themselves into a Lodge and forwarded to me the usual petition praying for this privilege. I accordingly forwarded it on to our Illustrous Sovereign Grand Commander, recommending the petition be granted. This met with our Illustrous Commander's approval, who immediately issued the necessary dispensation, on receipt of which I, being armed with this authority and acting under the powers in me vested as Special Deputy for this Province, opened in due form the British Columbia Consistory in the City of Vancouver, on Aug. 11th, with Ill.: Bros. J. R. Seymour, Commander-in-Chief; J. E. Miller, 1st Lieut.-Com.; H. H. Watson, 2nd Lieut.-Com.; J. W. Prescott, Grand Sec.; D. M. McKay, Grand Treas.; J. T. Carroll, Grand Almoner; Chas. Willson, Prelate; E. Douglass, G. M. of C.; B. Allan, G. Ex.; E. E. Chipman, G. Asst. Ex.; R. F. Green, G. S. B.; W. Downie, G. C. of G.; J. W. Hooke, Grand Sentinel. On completing this work, 19 Sovereign Princes applied for the Consistory degrees, which were duly received.

I received a petition from the B. C. Consistory asking me to issue a special dispensation waiving the time limit as required by the Constitution between the 18th and 30th degrees, 30th and 31st degrees, and 31st and 32nd degrees, the reason assigned being in my judgment sufficient to commend such action. I accordingly granted the request, and issued the dispensation for this auspicious occasion. I then communicated the degrees and secret work up to and including the 31°, and conferred in full the 32° on the 19 Sovereign Princes, thus completing the work of thoroughly establishing the Consistory in B. C. and putting it on a firm foundation. I would like at this point to express my appreciation to Ill Bro.: B. Allen, 33°, and Ill.: Bro.: Wm. Roaf, 33°, for their kind and valuable assistance to me at the inauguration of our B. C. Consistory; both these Illustrous Brethren, at considerable inconvenience, remained here for the purpose of assisting me in my responsible duties. Their timely and valuable aid and advice helped in making this historical event a great success.

During the year Vancouver Lodge of Perfection conferred the 14th degree

on 26 candidates, Rose Croix Chapter conferred the 18th degree on 25 candidates, and the Consistory conferred the 32nd degree on 19 candidates. This will enable you to see we are very much alive and that a great deal of interest is being awakened in B. C. in Scottish Rite Masonry; in fact, I may say it is the most popular branch, after Blue Masonry, in the Province to-day.

According to the requirements of the constitution, I observed, with all other Sovereign Princes here, the Easter ceremonies, carrying them out in full and to the letter, for the first time in this jurisdiction.

This ceremony had a most impressive effect upon all who attended, resulting in greater interest and keener desire to learn more of the beauties of the A.: & A.: Scottish Rite. I feel well repaid for all the time and trouble spent in getting this work up for the occasion.

The hand of the Supreme Architect of the Universe has dealt very kindly with us during the year. Not a break of any kind has occurred in our ranks, for which we are extremely grateful.

As we have now a membership of 94 in Lodge of Perfection, 50 in Rose Croix Chapter, and 32 in Consistory, I would recommend at this sitting of the Supreme Council the consideration of the issuing of a warrant to this Consistory in exchange for the dispensation now held. I don't think there is anything to be gained by withholding it, while much advantage will accrue by granting it at once.

I have caused the returns of the three branches, with their annual and registration fees, to be forwarded, which I trust will be found correct. I am also pleased to report the Scottish Rite bodies here to be entirely out of debt and on a good financial basis.

I beg to report on the following dispensations issued by me during the past year. On August 12, 1905, I received a communication from British Columbia Consistory asking the privilege of conferring the degrees 19 to 32 on several Sovereign Princes who had applied for these in regular form. This request was made as a special favor in honor of the opening and establishing of the Consistory in this jurisdiction. Considering the peculiar circumstances connected with this request, and the historical event taking place, I felt I would be justified in granting the petition. I therefore issued a dispensation extending this special privilege to the B. C. Consistory, the same to be conferred upon Bro. D. A. Munro, 18°, R. E. McKechnie, 18°, A. E. Goodman, 18°, E. A. Barker, 18°, J. M. Atkins, 18°, W. M. Smith, 18°, W. C. Dittmars, 18°, F. J. Burd, 18°, A. D. Ostrom 18°, J. J. Banfield, 18°, D. Robertson, 18°, F. J. Lumsden, 18°, T. E. Atkins, 18°, G. E. Magee, 18°, S. H. Jarratt, 18°, G. A. Stevens, 18°, R. Mee, 18°, P. F. White, 18°, T. Mitchell, 18°. The Ill. Brethren presented themselves on the evening of August 16th, 1905, and the ballot being declared in their favor, were duly advanced to the 30°, 31°, and 32°. I trust my action in this matter will meet with your approval.

In conclusion, let me express regret at the length of my report and my inability to be present in person with you all at this annual meeting. Distance, time, etc., prevent this great pleasure.

Fraternally submitted,

J. R. SEYMOUR, 33°,

Special Deputy for B. C.

On motion of Ill.: Bro.: MACKAY, seconded by Ill.: Bro.: ELLIS, the report was received and adopted.

The Supreme Council was then called off in General Session, and the

#### FIRST EXECUTIVE SESSION

was opened at 12.25 o'clock p. m.

It was announced that Ill.: Bros.: ALFRED FREDERICK WEBSTER, of Toronto, and WILLIAM ALLEN YOUNG, of London, Sublime Princes of the Royal Secret, 32°, proposed for the degree of Honorary-Inspector General, and nominated at a previous annual meeting of the Supreme Council, would be voted for at this session of the Council by *viva voce* vote.

The roll was accordingly called, and the vote in their favor having been found to be unanimous, these two brethren were declared duly elected.

\* \* \* \* \*

The Executive Session was then called off at 12.50 o'clock p. m.

#### SECOND EXECUTIVE SESSION.

The Supreme Council was called on in Executive Session at 2.30 o'clock p. m.

The office of Grand Marshal having become vacant by the death of Ill.: Bro. ALBERT DANIEL NELSON, an election was held to fill this and any resulting vacancies, and the following officers were duly elected and installed in their respective offices:

Ill.: Bro.: ENOCH BRUCE BUTTERWORTH, 33°,

*Grand Marshal.*

" " CHARLES WELLS HAGAR, 33°,

*Grand Standard Bearer.*

" " BENJAMIN ALLEN, 33°,

*Grand Captain of the Guard.*

It was resolved, on motion of Ill.: Bro.: STEARNS, seconded by Ill.: Bro.: ELLIS, that the matter of issuing commissions to Special Deputies of the Supreme Council for the new Provinces of Alberta and Saskatchewan be left in the hands of the Sovereign Grand Commander.

\* \* \* \* \*

This Executive Session was closed and labor resumed in General Session at 3.50 o'clock p. m.

Ill.: Bro.: MALONE presented the following report on the Doings of Inspectors-General and Special Deputies.

To the Supreme Council A.'. & A.'. Scottish Rite for the Dominion of Canada:  
Illustrious Brethren:

The Committee have carefully perused the reports forwarded from the several Provinces under the jurisdiction of the Supreme Council and now beg to submit the following:

#### ONTARIO.

The Rite is in a flourishing condition and increased interest is exhibited in all centres. It is a notable fact that among the prominent members of the Rite are to be found the ardent and enthusiastic workers in the Craft, Capitular and Templar branches, and that the Rite flourishes only in the localities where the other Masonic branches are healthy and prosperous.

It is gratifying to note the great success which attended the Re-unions held in the cities of Hamilton, London and Ottawa. It is also a matter of congratulation to note the general observance of Easter Services by the various subordinate bodies, and that on such occasions interesting and appropriate

lectures are given by prominent and learned men. A marked and healthy improvement is reported in the Guelph and Kingston Lodges, and as our Illustrious Deputy intends during the coming year to devote considerable time and attention to the affairs of the Rite in Barrie, it is trusted that his efforts may be crowned with success.

#### BRITISH COLUMBIA.

The Illustrious Special Deputy reports the favorable auspices under which the new Consistory was opened, and predicts the brightest prospects for its future prosperity.

#### NEW BRUNSWICK.

It is a matter for congratulation that during the year greater interest has been taken in the Rite, and in consequence considerable work is reported. The suggestion offered by the Illustrious Deputy as to holding Annual Reunions is strongly commended.

#### PRINCE EDWARD ISLAND.

Progress, harmony and peace are reported.

#### MANITOBA.

It is gratifying to note the very satisfactory progress made during the year. The new Lodge at Edmonton started under very favorable conditions, and the outlook for the future appears to be very bright.

#### QUEBEC.

The Illustrious Deputy reports that the different bodies are prosperous, the members universally fraternal and enthusiastic, and that large attendance at meetings and increased interest in work are very marked. It is to be regretted, however, that detailed information has not been furnished with respect to the work in the city of Quebec.

#### NOVA SCOTIA.

The Illustrious Deputy reports favorably upon the healthy condition of the different bodies and bright prospects for the future. Satisfactory explanation is given for decrease in membership in the city of Halifax.

In conclusion, your Committee are able to report marked progress in all the jurisdictions and that greater prosperity may be looked for during the coming year.

All of which is respectfully submitted.

On motion of Ill.: Bro.: MALONE, seconded by Ill.: Bro.: MCARTHUR, this report was received and adopted.

On motion of Ill.: Bro.: MACKAY, seconded by Ill.: Bro.: MALONE, it was resolved that the following be added to Section 64 of the Statutes and Regulations of the Supreme Council:

"The Secretary shall send a copy of every such notice to the Deputy of the Supreme Council for the Province in which the body is situated."

The Supreme Council was then called off to meet at 10 o'clock a. m. on Thursday.

THURSDAY, October 26th, 1905.

The Supreme Council resumed labor at 10.30 o'clock a. m. in  
EXECUTIVE SESSION,

in which the following business was transacted :

The Committee on Audit and Finance presented the following report :

Ottawa, October 26th, 1905.

To the Supreme Council A.: & A.: Scottish Rite for the Dominion of Canada:

Illustrious Brethren:

The Committee on Audit and Finance beg leave to report that they have checked the cash statements laid before them and verified the disbursements by vouchers for the year ended 30th September, 1905, and find same in order.

Your Committee are of opinion that the balance on hand warrants the investment of an additional one thousand dollars, and recommend that that amount be invested in some trust security.

Fraternally submitted,

ANGUS W. HOOPER,

E. B. BUTTERWORTH,

CHAS. W. HAGAR,

Committee.

On motion of Ill.: Bro.: HOOPER, the report was received and adopted.

The Special Committee on the Address of the Sovereign Grand Commander presented the following report:

To the Supreme Council A.: & A.: Scottish Rite for the Dominion of Canada:  
Illustrious Brethren:

The Committee on the Address of the Sovereign Grand Commander agree with him in deplored the loss, by death, of Ill.: Bro.: Albert Daniel Nelson, 33°, Grand Marshal of this Supreme Council, a brother dearly beloved on account of his many excellencies of character, his happy, genial disposition, and his valued service to Masonry.

The Committee also agree in the expressions of sympathy with sister Supreme Councils in the death of active members, and recommend that "In Memoriam" pages be erected in the minutes of the Annual Proceedings.

The Committee have carefully considered the very full reference of the Sov. Gr. Commander to the proposed convention of Representatives of Supreme Councils of the A.: & A.: S.: Rite in Brussels, and recognize that the action of the Supreme Councils of England and Wales, of Scotland, and of Ireland, in refusing to take part in such convention, or even to discuss, in common, the principle of the projected meeting, increases the difficulties which this Council felt confronted it, at its last session, when it was of opinion that it would be quite useless to join in any conference which would not secure representation from all the leading authorities of the Rite.

The Committee are of opinion that no further action need be taken by the Supreme Council than was taken last year.

The Committee recommend that the references in the address of the Sov. Grand Commander to the Supreme Councils of Spain and Egypt be referred to the Committee on Foreign Relations.

The Committee agree with the Sov. Gr. Commander as to the advantages which might result should representatives near this Council open

up a correspondence with our representatives near Foreign Councils, and to that end recommend that the Secretary-General issue a circular to Representatives near our Council, informing them that at the next annual meeting they will be called upon for a report of the result of such correspondence.

While upon the subject of Representatives, the Committee recommend that a committee be appointed to consider the advisability of this Council furnishing our Representatives abroad with distinctive badges of office, committee to report next annual session.

The Committee rejoice in the prosperous condition of the Rite throughout the jurisdiction, and in the action of the Sov. Gr. Commander in issuing a dispensation for the establishment of a Consistory in the Province of British Columbia, and congratulate the Supreme Council on the result.

The Committee recommend that a charter be issued to British Columbia Consistory at Vancouver, B. C.; also that a warrant be issued to Edmonton Lodge of Perfection at Edmonton, in the Province of Alberta.

The Committee agree with the views expressed by the Sov. Gr. Commander in reference to the diffusion of the Rite in the new Provinces of Alberta and Saskatchewan, and in his hope that without unduly seeking to force the growth of the Rite in these Provinces, our membership will increase and prosperous bodies be established in the near future.

While expressing sorrow that the health of the Sovereign Grand Commander was seriously affected, since the last annual session, the Committee express their delight that he is able to be with them, conducting the affairs of the Council with all his old vitality and ability, and that he is able to assure them that his expectations are that he will soon be as well as ever. For which hope the members of the Council thank Our Father, who is in Heaven.

Fraternally submitted,

HUGH MURRAY, 33°,  
W. H. THORNE, 33°,  
CHAS. W. HAGAR, 33°.

On motion of Ill.: Bro.: MURRAY, seconded by Ill.: Bro.: THORNE, this report was received and adopted.

The Thirty-third Degree was conferred in full form on Ill.: Bros.: ALFRED FREDERICK WEBSTER, 32°, Toronto, Ont., and WILLIAM ALLEN YOUNG, 32°, London, Ont., elected to receive the same at this Session, and they were received, welcomed and proclaimed as Honorary Inspectors-General and enrolled as Honorary members of the Supreme Council for the Dominion of Canada.

On motion of Ill.: Bro.: MACWATT, seconded by Ill.: Bro.: ALLEN, it was resolved that the next Annual Session of the Supreme Council be held in the City of London, in the Province of Ontario.

On motion of Ill.: Bro.: STEARNS, seconded by Ill.: Bro.: HOOPER, the thanks of the Supreme Council were passed to the officers and brethren of the Rite in Ottawa for the attention and hospitality which had been so liberally bestowed on the members of the Council during the Session.

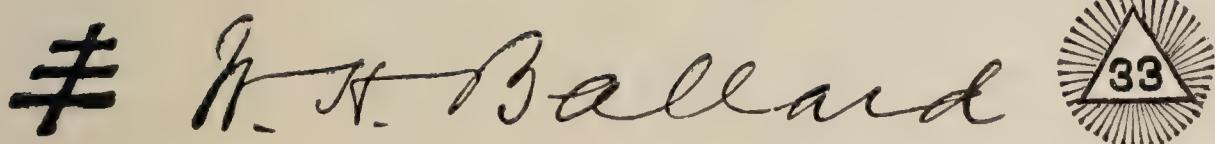

On motion of Ill.: Bro.: HOOPER, seconded by Ill.: Bro.: STEARNS, the Supreme Council approved of the action of the Sovereign Grand Commander in securing a suitable room for the use of the Secretary-General.

The box of fraternal assistance was then passed, and the collection donated to the bodies of the Rite in Ottawa.

The labors of the Supreme Council being ended, the Chain-of-Union was formed, and the Council was closed at 1 o'clock p. m., to assemble again in the City of London, in the Province of Ontario, on the fourth Wednesday in October, 1906, at 10.30 o'clock a. m.

ILLUSTRIOS BROTHER

**Albert Daniel Nelson, 33°,**

ACTIVE MEMBER AND GRAND MARSHAL  
OF THE SUPREME COUNCIL

—FOR—

**THE DOMINION OF CANADA.**

From the East of the Supreme Council of the Sovereign Grand Inspectors-General of the Thirty-third and last degree of the Ancient and Accepted Scottish Rite of Free-masonry for the Dominion of Canada, whose See is in the City of Montreal, in the Province of Quebec, near the B.º B.º and under the C.º C.º of that Zenith, which answers unto 45° 31' North Latitude, and 73° 20' West Longitude of the Meridian of Greenwich.

To all Members and Bodies of the Obedience of this Supreme Council:

GREETING.

Dear Brethren:

It is my painful duty to inform you of the death of our dearly beloved brother Albert Daniel Nelson, 33°, Sovereign Grand Inspector-General, an Active Member and the Grand Marshal of this Supreme Council.

Bro.º Nelson was born at Montreal, Que., the 24th of December, 1843; died at East Orange, N. J., 26th of December, 1904, aged 61 years.

He was a member of the American Presbyterian Church, of Montreal, and also a member of the Board of Trustees and Acting Secretary for many years.

He began his career in commercial life in 1860, and two years later took charge of the books of Messrs. Nelson & Butters. His upward career kept pace with the expansion of the business operations of the firm, and each change in the management found him charged with increased responsibility, until finally a joint stock company was formed to carry on the work, with Albert D. Nelson as President. This continued until four years ago, when he retired from active business, and has since devoted much of his time to philanthropic and church work.

He was hard working as a business man, and much beloved by those in the employ of his company, and highly respected by the commercial community at large.

Bro. Nelson was initiated into Masonry in Royal Albert Lodge, Montreal, Que., on the 3rd of April, 1867; passed on the 1st of May, 1867, and raised on the 19th of June, 1867. Was Worshipful Master of this lodge for the year 1894, and its Treasurer for the years 1903 and 1904.

He received his Royal Arch Degrees in Royal Albert Chapter as follows: Mark Master, Past Master and Most Excellent Master on the 15th of March, 1871, and Royal Arch on the 22nd of March, 1871, was 2nd Principal H. for 1876, and 1st Principal Z. for the years 1877, 1878, 1879 and 1880.

He was an officer of Grand Chapter of Royal Arch Masons of Quebec ever since its foundation, holding the following offices: Grand Principal Sojourner for 1876 and 1877; Grand Treasurer for 1878 to 1890, inclusive;

Grand 2nd Principal H., 1891; Grand 1st Principal Z., 1892 and 1893; Grand Treasurer from 1894 to the time of his death, 1904.

For many years Bro.: Nelson was active in Scottish Rite Masonry, having received the various degrees in the several bodies in the Valley of Montreal.

He held the office of Most Wise Sovereign of Hochelaga Sovereign Chapter of Rose Croix for the year 1879, and that of Treasurer of the several bodies of the Ancient and Accepted Scottish Rite, in the Valley of Montreal, from 1889 up to the time of his death.

In October, 1890, he was admitted to the Supreme Council, and had conferred upon him the degree of Honorary Inspector-General, 33°, and in October, 1892, he was created a Sovereign Grand Inspector-General, and an Active Member of the Supreme Council. In October, 1898, he was elected Grand Standard Bearer, which office he held until October, 1904, when he was elected Grand Marshal.

In the death of Ill.: Bro.: Nelson the community had lost a citizen successful in business and most active in charitable work, an affable and kind-hearted gentleman whom it was a pleasure and a privilege to know; and Freemasonry mourns for a brother always genial, bright and open-hearted, earnest in doing that which it was right for him to do, and whose energy was particularly conspicuous in advancing the best interests of the various Masonic Bodies of which he was a member.

As a mark of respect to his memory the usual badge of mourning will be worn for a period of sixty days from the reading of these letters, and may Our Father in Heaven have you always in His holy keeping.

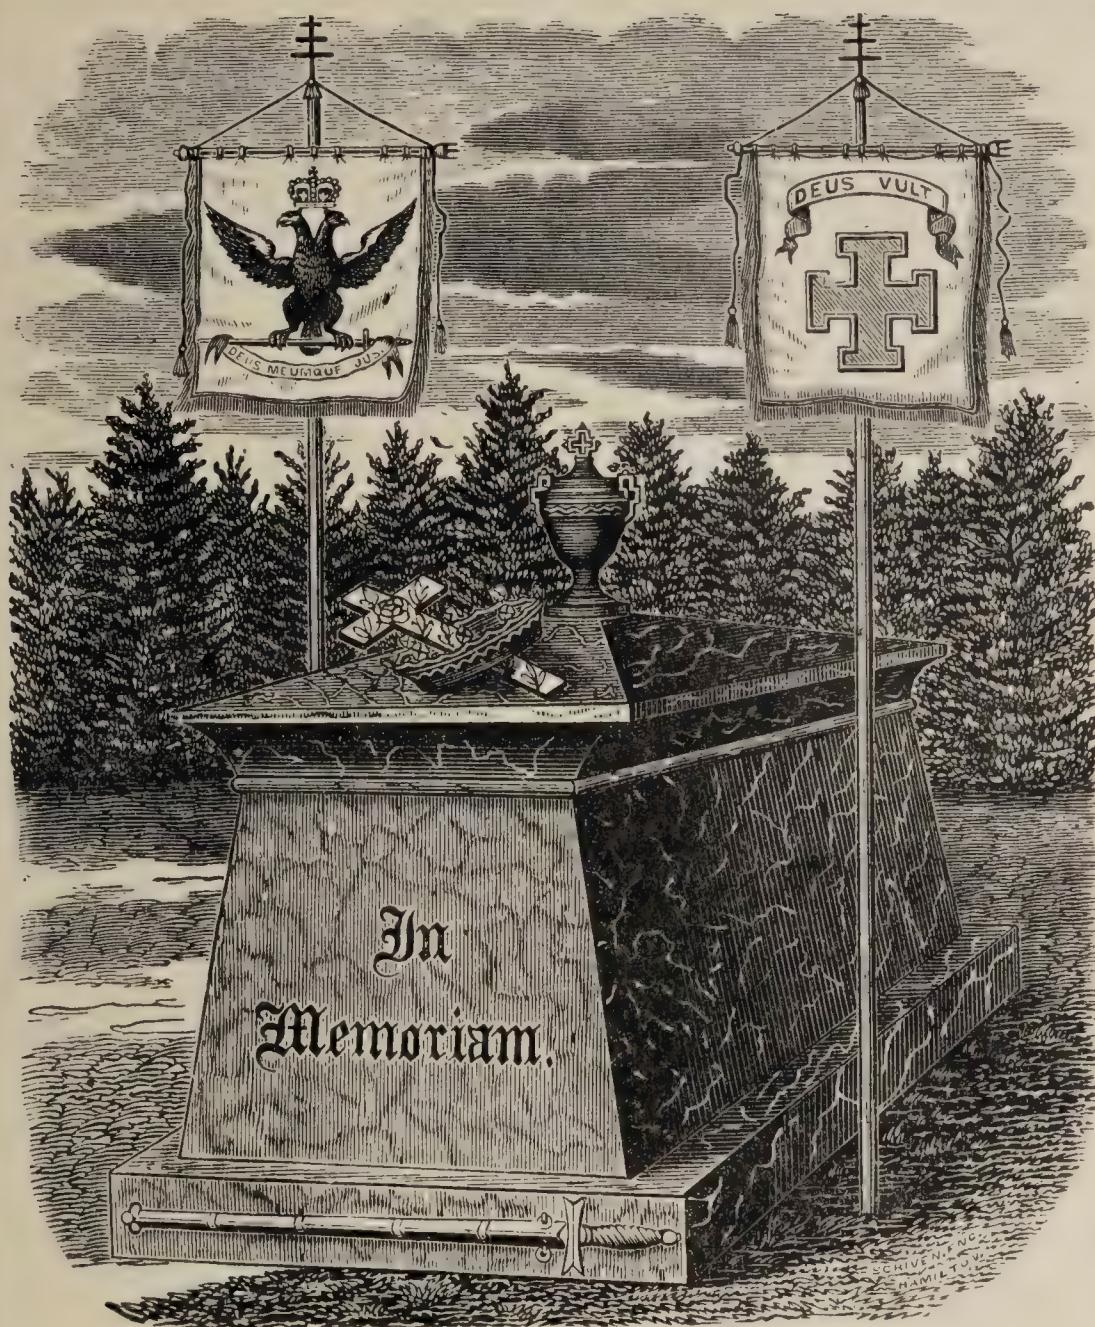

Given under my hand and the seal of the Supreme Council this 2nd day of January, 1905.

J. M. GIBSON, 33°,

Sovereign Grand Commander.

W. H. BALLARD, 33°,

## APPENDIX.

## FOREIGN CORRESPONDENCE.

To the Supreme Council A.·. & A.·. S.·. Rite for the Dominion of Canada.

Illustrious Brethren :

The Committee on Foreign Relations reports to Supreme Council matters of interest regarding the position, progress and condition of the Ancient and Accepted Scottish Rite of Freemasonry in other jurisdictions, and in some of which, at least, members of the Rite in Canada will be interested.

Feeling steadily grows among the Supreme Councils in favor of a closer union between them, a union which will go so far at least as to bring about harmony of understanding and unity of action on matters affecting the general government of the Rite and which will, by clear definitions, place beyond doubt the standing of the regular Councils. In the pages which follow this subject is referred to under different headings, and the reader will easily see that it is constantly growing in importance.

## SUPREME COUNCIL SOUTHERN JURISDICTION, U. S. A.

One member of the Committee—Brother Ellis—was able to pay a visit to this Supreme Council at its biennial session, held in October last, in the City of Washington, the capital of the United States. The session lasted a week and the visitor was present during the last two days. He received a hearty welcome from the Most Puissant Sov.·. Grand Commander, Illustrious Brother Richardson, whom he had met on two previous occasions at meetings of the Northern Supreme Council; from Ill.·. Bro.·. Martin Collins, Grand Chancellor, and Ill.·. Bro.·. Webber, the Grand Secretary-General, whom he had also met before, and, indeed, from all the members of the Supreme Council. The Sov.·. Grand Commander made kindly reference to his presence and bore testimony to the warm feeling which existed between the Southern Council and that for Canada. Every opportunity was given the visitor to understand the different questions which were under discussion, and every consideration was shown to him personally, so that he might have agreeable remembrances of the Supreme Council. He listened with great interest to the discussions which took place, he observed the sincere desire which existed to reach just conclusions in regard to the different matters which arose, and he saw with pleasure abundant evidence that the Supreme Council and the bodies of the Rite under its control were growing in strength and in use-

fulness, largely through the wise and judicious management of Ill.<sup>o</sup>. Bro.<sup>o</sup> Richardson. Returns submitted by Ill.<sup>o</sup>. Bro.<sup>o</sup> Webber showed that in the two years between July 1, 1903, and July 1, 1905, the membership in the Southern Jurisdiction had increased from 17,329 in Lodges of Perfection to 23,473, and in the Consistories from 14,097 to 19,499. There are in all 303 bodies subordinate to the Supreme Council, a gain in the two years of ten. The report of the Grand Treasurer showed an invested fund of over two hundred thousand dollars, and an ample revenue. Among the works sustained by the Supreme Council is the publication of the monthly journal "The New Age," which is devoted to both general literature and the discussion of important Masonic matters, and is a publication of considerable interest. Owning a magnificent house for the sole use of the Supreme Council, a large and valuable library, a museum containing many articles of interest and of great value, ample funds, and rich in fraternal feeling, this Supreme Council is certainly in a position to do much good for mankind, and that is its aim.

There are in the Allocution of Ill.<sup>o</sup>. Bro.<sup>o</sup> Richardson many paragraphs which the Committee would like to reprint. But it must content itself with a few of them. Referring to a visit which he paid to the Northern Supreme Council in 1904, the Sov.<sup>o</sup>. Grand Commander spoke of his courteous reception and added:

"The session was held in Boston, and was harmonious and fruitful of good to that great jurisdiction. Their Grand Commander, the M.<sup>o</sup>. Ill.<sup>o</sup>. Bro.<sup>o</sup> Palmer, was present, and presided throughout the session, and gave us the opportunity of witnessing the conferring of the 33rd degree by him on a large class, in his own inimitable manner. For the second time I had the honor while there of meeting the Grand Commander of the Supreme Council of the Dominion of Canada, the M.<sup>o</sup>. Ill.<sup>o</sup>. Bro.<sup>o</sup>. Isaac H. Stearns, 33° I met this distinguished brother the year before at the session of the Northern Council, and a month later he honored our Council by visiting us, so that I was feeling not only the ties of the brotherhood, but also those always created by a closer acquaintance with one so attractive in his personality. At the last session of his Supreme Council he declined re-election as Grand Commander, and I fear we shall not meet so often in the future. We trust, however, he will not cease to visit us, for he may be assured of a warm welcome whenever he honors us with his presence.

"While attending this session of the Northern Council I also had the pleasure of meeting some distinguished guests of that Council from the other side of the Atlantic, members of the Supreme Council of England and Wales. These were the Right Honorable the Earl of Euston, 33°, Past Most Illustrious Lieutenant Grand Commander of that Supreme Council, and who is also the Most Eminent and S.<sup>o</sup>. G.<sup>o</sup>. Master of the United Order of the Temple and Hospital in England and Wales; Ill.<sup>o</sup>. Bro.<sup>o</sup>. Charles F. Matier, 33°, Grand Secretary of several bodies of Masonry, and also the Great Vice Chancellor of the Great Priory of England and Wales; and Bros.<sup>o</sup>. Abraham Woodiwiss,

Thomas P. Dorman, Alfred J. Thomas and Thomas Frazer. These English brethren were in the United States on a visit to the triennial session of the Grand Encampment of Knights Templar at San Francisco, and were returning to their homes, when they stopped in Boston to attend the session of the Northern Council, and also to attend the annual session of the Provincial Grand Lodge of the Royal Order of Scotland, they being members of that Order. On learning that these prominent brethren were in our country I extended to each of them an invitation to visit us at the House of the Temple, but which, for want of time, they declined. It was a source of regret to me that they could not extend their visit to us that we also might have the opportunity of giving them a fitting welcome."

An observation at the close of the references to "visits" contains both information and suggestion which many members of the Rite will read with deep interest.

"At every place the highest form of social enjoyment was indulged—splendid receptions and superb feasts or banquets—ladies attending in most cases, but the noteworthy fact is, at no single one of all these social functions given by bodies of the Rite was there any violation whatever of your Statute which forbids the use of any spirituous, vinous or malt liquors, and yet all were happy. In my visitations to the various jurisdictions I made especial inquiry as to the effect of this Statute. I find that it has not only had the gratifying result of removing the immediate cause of excessive conviviality, too frequently indulged in by some unthinking members when the opportunity was presented, but in every case it has also caused a marked improvement in the financial condition of the bodies, by avoiding the expenses incident to that which had heretofore been considered a necessary and indispensable feature of the social functions of the Rite."

The most important reference in the Allocution is to the project of an international convention of Supreme Councils, and the importance of this fully justifies the following quotation:

"The relations of amity and fraternal love existing between this Council and all other regular Supreme Councils of the world as at our last session continues unbroken and undisturbed. The question as to which of the bodies of the Rite setting up a claim to be regular Supreme Councils are genuine is one which, in my opinion, is becoming more and more acute and important as the years pass. There are about thirty regular Supreme Councils in existence, although some of them are not very active, failing in a very few instances to reply to letters addressed to them on matters of business appertaining to the Rite. This I know from actual experience, as my efforts to obtain replies have, in a few cases, met with dismal failure. But among the thirty Councils known to be genuine, duly recognized by each other and whose regularity is not disputed by any respectable authority, there is a deplorable lack of method or system of action, and no uniform mode of procedure by which the irregular, spurious or clandestine organizations can be pointed out.

These regular Councils should easily know the names and places of the spurious bodies, so that the latter would be unable by doubtful or clandestine means to obtain any act of recognition from the regular Council. It is known that some of these spurious bodies have succeeded in obtaining from regular Councils in a surreptitious way slight recognition, unintentional and unmeant by the latter, of course, which they have magnified and used to help them get further concessions and, in some cases, to enable them to market their worthless wares. The regular Councils are innocent at the time of making such recognitions and do so only because of the difficulty of easily detecting which is regular and which irregular. There is in our hands a remedy for this evil, and it is of easy application. In my Allocution two years ago I discussed briefly the proposed international Convention or Conference of Supreme Councils, which had been proposed by Grand Commander d'Alviella, of Belgium, and I recommended that this Council name one or more representatives to attend such conference if one should be called. This Council then passed resolutions indorsing the movement and authorizing the Grand Commander, with not more than two other members of the Council, to attend the Conference if it should be held. I informed Grand Commander d'Alviella of this action. He had proposed that the meeting should take place in Brussels during the summer of 1905, and he invited other Councils to name representatives to it. The invitation was considered by a number of Councils, prominent among them being the Supreme Council of the Northern Masonic Jurisdiction of the United States, and also that of the Dominion of Canada, both of which gave only conditional acceptances. The Northern Council decided that it would not then appoint delegates, but authorized its Grand Commander, on receipt of further information, in the exercise of his discretion, to appoint three delegates to represent that body at the Conference. On August 10, 1904, Grand Commander d'Alviella sent to each of the Supreme Councils a printed communication, in which he set forth briefly some of the reasons which made it important for a Conference to be held. In this communication he also outlined, by way of suggestion, certain questions to be considered by the Conference. I file herewith a copy of this circular letter that a full understanding may be had of the objects and purposes of the proposed Conference, and that the same may be published with our Transactions. It appears that Grand Commander d'Alviella had quite an extensive correspondence with the Grand Commanders of the various Councils, in some instances meeting with favorable, and in others with unfavorable, replies. In a communication from him of date April 15, 1905, he informed me 'that circumstances obliged him to postpone the invitations for a general conference of the representatives of the different Supreme Councils.' I also file a copy of this communication that it may be seen and understood and be published in the Transactions. He says in this communication that he had received formal acceptances from the following-named Councils: The Southern Supreme Council, France, Mexico, Switzerland, Italy, the Argentine Republic, Central America and Colon. The three English-speaking Councils of the British Isles, namely, England and Wales, Scotland and Ireland,

did not it seems favor holding any Conference, or, at any rate, did not favor the assembling of one this year in Brussels. In a still later communication from him, dated July 25, 1905, he suggested two plans upon which a conference might proceed: 1st, a general Convention of Delegates, as previously explained, with a settled programme (three delegates from each jurisdiction); 2nd, a personal meeting of the several Grand Commanders, in order to exchange views and formulate recommendations on all matters pertaining to the interests of the Rite.

"At the last session of our sister, the Northern Supreme Council, at Indianapolis, September 19-21, 1905, more definite action was taken. I was pleased to note that the Council passed a resolution declaring that a conference between the Supreme Councils of the world, recognized as such by that Council, might advance the interests of the Rite, and authorizing the Grand Commander to appoint three delegates to represent that Council at such conference, for the purpose of considering and recommending to the Supreme Council action looking to the protection and promotion of the interests of Scottish Rite Masonry. This action on the part of that Council I think insures the assembling of the conference at some date during the coming year.

"I do not care to enter into any argument to demonstrate the necessity now for some conference of the Councils. Nevertheless, I am constrained to say with emphasis that I believe a conference is not only desirable but almost a necessity, if those of us who are regular intend to hold ourselves aloof from those who are spurious and clandestine. I know of no more effectual way of doing this than by a general conference of the regular Councils, where their representatives may assemble, and, acting in harmony, develop and publish some plan of action to bring about the result so much to be desired. It will be seen that the communication from Grand Commander d'Alviella is only meant to postpone the conference, and is not intended to be taken as an abandonment of the project. It should not be abandoned. It should be further discussed, and, after the elimination of all features deemed objectionable by any respectable organization, the conference should assemble. Personally, I do not care at what point it is called to meet, provided it is one accessible to all Councils. I would, of course, prefer to have it assemble on this side of the Atlantic, but in view of the importance of such an assemblage I am not averse to the meeting taking place in any city in Europe.

"In this connection I will make mention of the fact that in September, 1904, Grand Commander d'Alviella visited the United States and made a personal call at the House of the Temple, being our guest for a day. I was enabled to discuss with him in person many matters affecting the Rite, and particularly the proposed conference. I found him to be not only an enthusiastic Scottish Mason, but a delightful companion and an educated gentleman, being a graduate of one of the leading universities of our own land. As a result of his visit and a full discussion of the proposed conference I was fully

confirmed in my opinion that a conference was necessary. I am quite sure that no danger need be apprehended that any action injurious to the Rite would be attempted in such an assemblage."

Ill.'. Bro.'. Richardson, by quotations from the records of his Council, showed that nearly fifty years ago the Supreme Council advanced ideas quite similar to those now expressed in regard to the necessity for a conference. The result of his address and of the opinions which he expressed was the adoption of a resolution affirming the principle of a conference and giving the Executive the power to have the Supreme Council represented at it.

An understanding is reached between the Supreme Council for England and Wales and that of the Southern Jurisdiction, by which neither Supreme Council will give promotion to any brother in the Jurisdiction of the other without full approval of the Supreme Council in whose Jurisdiction the brother is.

At some length the Illustrious Brother discussed the policy, which to some extent exists, of condemning as irregular Lodges of the first three degrees which in a few foreign countries are under the control of 'Supreme Councils. He says that in his opinion "in any country where there is a Grand Lodge, a Supreme Council of the Scottish Rite should not interfere with the jurisdiction of the Grand Lodge in governing and controlling Symbolic Masonry," but "I repeat that I do believe that in all countries where there is no Grand Lodge there is no real objection to the government of Symbolic Lodges by some supreme power other than the Grand Lodge."

These references to the progress and the opinions of the Southern Council may appropriately conclude with the words with which the Grand Commander opened his interesting address:

"Within the memory of the very youngest of us, the Ancient and Accepted Scottish Rite, although rich in rare philosophy and resplendent with learning, was poor and almost friendless, struggling for a bare existence, surrounded by those who, if not actually unfriendly, were groping in dense ignorance of its treasure house of wealth. This was especially true in our own land. The Rite has now come to be strong and popular, and the most learned of all professions and classes beg to enter it. There can be said of it what a famous writer once said of the law of England, that it has grown to be—

A tree, noble in its height and figure,  
Sinewy in its branches,  
Green in its garments,  
And goodly in its fruit."

#### ENGLAND.

The English Supreme Council is composed of nine members only, but there are several brethren in England in possession of the Thirty-third degree who are not active members of the Council. One of these is the Grand Secretary-

General, Ill.: Bro.: J. C. F. Tower. There are retired members, honorary members, Grand Inspectors-General, some of whom were at one time active members of the Council, and there are Inspectors-General of Districts, three of whom are abroad, in New Zealand, South Africa, and India. In all there are quite fifty brethren on the English registry of the Thirty-third degree. The constitution limits the number of members of the Thirty-first degree to 90, and of the Thirty-second degree to 54. And there is a limitation upon the Thirtieth degree, as there is a constitutional provision as follows: "No Prince Rose Croix is eligible to receive the Thirtieth degree unless he be a present Past M. W. S., and has been three years a member of the Eighteenth degree, except by dispensation." The practical effect of this is that the Supreme Council really controls all admissions to the degree above the Rose Croix. There is no warranted Consistory or Council of the Thirtieth Degree. Of Rose Croix Chapters there are one hundred and fifty-five upon the roll, but about thirty of these are dormant. Altogether and of all the degrees there is a splendid membership, and the English system is one which works out well in practice and limits the Rite—speaking generally—to men of representative character. Good position and high moral character are indispensable requisites for admission. Since the formation of the Supreme Council in 1857 its donations to various Masonic charities in the United Kingdom, or to public national relief funds, have amounted to at least thirty-eight thousand dollars.

At the time of the issue of the English Red Book, Ill.: Bro.: Captain N. G. Phillips, was Sov.: Grand Commander, a position he had filled many years and on different occasions during the forty-one years of his membership, but he has recently been succeeded by Ill.: Bro.: the Earl of Dartrey, lately Lieutenant Grand Commander.

#### SCOTLAND.

The Annual Reporter of the Supreme Council of Scotland covers a summary of the transactions of the Supreme Council from 26th September, 1904, to the 20th June, 1905. This Supreme Council pursues a very conservative policy, particularly with respect to the conferring of the degrees above the Eighteenth. Although it issues warrants for consistories of the Thirtieth Degree, not only in Scotland, but in Australia, New Zealand, Africa, India and China, it allows none of these bodies to confer the Thirtieth upon a candidate until the Supreme Council itself shall have passed upon the name of the applicant and upon his qualifications. An effort has been made to induce the Supreme Council to recede from this position and to allow its representative S. G. I. G. in the Masonic Province to give the degree in its name, "on account of its distance," but the reply was "that the constitutions must be adhered to, and applications transmitted for the approval of the Supreme Council in the ordinary manner." An entry in the Reporter, of date September 26, 1904, is as follows: "A report was given of the information afforded by Ill.: Bro.: Malcolm M. Irving, 33°, on his return from Australia and New Zealand. He had had many interviews with the leading Brethren there, who

continued to evince the keenest interest in all matters affecting the Rite, and received ample and convincing testimony of the earnest working of the various bodies holding of the Supreme Council. He found these working regularly and efficiently, and in much prosperity." On January 25, 1905, the Supreme Council elected Ill.<sup>o</sup>. Bro.<sup>o</sup>. Hon.<sup>o</sup>. Sir Augustus Charles Gregory, 32°, to the Thirty-third, the honor to be conferred by Bro.<sup>o</sup>. Thomas Mylne, 33°, S. G. I. G. in Brisbane. Bro.<sup>o</sup>. Gregory was chosen to fill a vacancy caused by the death of Hon. John Douglas, 33°, whose death was reported a few weeks before, but there is an entry that the Secretary General had learned, as the Reporter was going to press, of the death of Bro.<sup>o</sup>. Gregory. The Supreme Council took into consideration the printing of the Rituals of the Eighteenth and Thirtieth, "but resolved to adhere to the present system of these being in manuscript, and only one copy being issued to each chapter or consistory." The actual financial position of the Supreme Council is not stated in figures, but it is reported to be good. At one of its sittings the Supreme Council adopted new jewels for the degrees of 30° to 33°, as follows:

Thirtieth Degree.—An eagle with two heads, wings extended, all black, surmounted by a crown, and holding a sword in its claws. The crown and sword gold, eyes red. The jewel to be suspended from the neck by a one-inch wide black ribbon with white edges.

Thirty-first Degree.—An eagle with two heads, wings extended, body black, wings white, claws, beaks, and sword gold, eyes red, surmounted by a gold crown.

Thirty-Second Degree.—An eagle with two heads, wings extended, body black, wings, legs, claws, beaks, and sword gold, eyes red, surmounted by a gold crown.

Thirty-Third Degree.—An eagle with two heads, wings extended, body silver, wings, legs, claws, heads, beaks, and sword gold, eyes red, surmounted by a gold crown. To be suspended from a gold chain worn around the neck. At the foot is a cross in red enamel. Honorary members who have been members of the Council wear a circle in red enamel round the cross. Members not in the Supreme Council do not wear the cross, and the eagle is suspended from a one inch wide white ribbon with gold edges and gold down centre.

The following summary report of the conference of the three Supreme Councils of the United Kingdom was presented to the Supreme Council, and it will be read with much interest by members of the Rite in Canada.

Report by Delegates of the Supreme Council of Scotland, 33°, at the Annual Conference of Supreme Councils of the Ancient and Accepted Scottish Rite for the United Kingdom.

The Fourteenth Annual Conference was held in Dublin on 11th April, 1905.

The Supreme Council was represented by:—

V.<sup>o</sup>. Ill.<sup>o</sup>. Bro.<sup>o</sup>. Col. James T. Stewart, 33°, Grand Captain of the Guard.  
Ill.<sup>o</sup>. Bro.<sup>o</sup>. J. H. Balfour Melville, 33°, Grand Secretary General H. E.

The Supreme Council of England was represented by:—

V.: Ill.: Bro.: Frank Richardson, 33°, Grand Treasurer General.  
 V.: Ill.: Bro.: J. H. Matthews, 33°, Grand Chamberlain.  
 Ill.: Bro.: J. C. F. Tower, 33°, Secretary.

The Supreme Council of Ireland was represented by:—

V.: P.: Bro.: The Right Hon. Lord Justice FitzGibbon, 33°, Lieut. Grand Commander.  
 V.: Ill.: Bro.: William E Scott, 33°, Grand Chancellor.  
 V.: Ill.: Bro.: Col. Vesey Davoren, 33°, Grand Secretary General.  
 V.: Ill.: Bro.: Sir James Creed Meredith, 33°, Grand Captain of Guards.  
 V.: Ill.: Bro.: R. O'Brien Furlong, C.B., 33°.  
 V.: Ill.: Bro.: John F. Goodman, 33°.

On the motion of V.: Ill.: Bro.: Richardson, 33°, seconded by V.: Ill.: Bro.: J. T. Stewart, 33°, V.: P.: Bro.: Lord Justice FitzGibbon, 33°, occupied the Chair, and, after expressing regret at the absence of M.: P.: Bro.: Chatterton, 33°, Sovereign Grand Commander, cordially welcomed the delegates from the Sister Supreme Councils.

The Chairman then addressed the conference. He referred, in the first place, to the changes which had been made, since the last conference, in the Constitution and Laws of the Rose Croix in Ireland, and read the resolutions of the Grand Chapter of Prince Masons, 18°, as approved by the Supreme Council of Ireland, by which the Government of the R. C. Degree was vested, as in all other Jurisdictions, in the Supreme Council, whose approval was now required before any candidate for exaltation, after his name had been passed by the Grand Chapter, could be exalted, and whose ratification was also required for any change in the Laws or Regulations.

He stated that these resolutions had been unanimously adopted, as well by the Grand Chapter as by the Supreme Council, and that the Laws and Regulations had been revised and harmonised with the resolutions, after deliberations which had taken place during the past three years.

He expressed the hope that these changes, which had been made with the full consent of both Bodies, would be found to have put an end to the distinction which had existed from the beginning between the Constitution in Ireland and those in Scotland and England, and which had hitherto, to some extent, divided the degree in the three sister countries.

He pointed out that the Revised Laws and Constitutions of the Grand Chapter now provided for the recognition of the members of Scottish, English, or Foreign Chapters of R. C. Masons as visiting brethren, and also as qualified candidates for affiliation on production of the credentials prescribed by the constitutions of the recognised Sister Jurisdictions from which such members came to Ireland.

V.: Ill.: Bros.: Stewart and Richardson, on behalf of the Scottish and

English Supreme Councils, expressed their great satisfaction at hearing this statement and their approval of the arrangements which had been made, and it was arranged that a copy of the Laws and Constitutions of the R. C. Degree in Ireland, as revised, should be furnished to the Sister Councils.

The Chairman then referred to a schism which was alleged to have taken place between members of the 33° in Spain, and called attention to a report of the Supreme Council of Switzerland on the subject. He suggested that as England and Ireland had the same representative to the Supreme Council, 33°, of Spain, and as his name was mentioned in the Swiss report, they should take common action in the matter.

V. Ill. Bro. Richardson undertook to make inquiry on the subject, and acquaint the Supreme Council of Ireland with the result, pending which they would take no action, and it was arranged that the Sister Councils should act concurrently.

V. Ill. Bro. Matthews reported that the Ritual of the 30°, as in use in Scotland, was under the consideration of the English Council with a view to its adoption in England, and that some portions of that Ritual were engaging the attention of Hebrew scholars. It was arranged that the progress made in the matter should be communicated to the Sister Councils, and that any assistance that might be sought should be given with the object of securing uniformity upon all essential points.

Further accounts of the propagation of irregular and spurious degrees in the United States of America and elsewhere having been afforded, the conference resolved to continue to do their utmost by prohibition and warning against these and their authors.

It was resolved that the conference next year shall be held in London on or about the 22nd of May.

On the motion of V. Ill. Bro. Col. J. T. Stewart, 33°, seconded by V. Ill. Bro. Richardson, 33°, a hearty vote of thanks was given to V. P. Bro. Lord Justice FitzGibbon, 33°, for presiding on the occasion.

The same day the delegates attended the Triennial Convocation of the Prince Masons, 18°, V. P. Bro. Lord Justice FitzGibbon, 33°, in the chair, when the arrangement above mentioned was again the subject of much satisfaction and congratulation, and in the evening they were entertained at a banquet of the Prince Masons "under the auspices of the Supreme Council of Ireland."

On Wednesday, 13th April, those delegates who were members of the Order of the Temple attended a conference of that body, and afterwards a meeting of the Great Priory of Ireland, where they were heartily welcomed, and witnessed the conferring of the Grade of Knight of the Temple and the Degree of St. John of Jerusalem, and were entertained at a banquet of the Great Priory.

On Thursday, 14th April, they were present at a meeting of the Sub. and Val. Princes of the Royal Secret, 32°, when that degree was conferred on several Ill. Brethren. Thereafter they visited the Duke of York's Lodge, No. XXV., where they saw most excellent working of Craft Masonry, and were very hospitably entertained at dinner by the R. W. M. and brethren of the Lodge.

The delegates feel under great obligations for the universal kindness shown to them by their brethren in Ireland, who vied in making their visit so pleasant as well as profitable.

The Committee feels satisfied that the members of the Supreme Council of Canada will feel grateful at the evidences which are given of the prosperity of the Supreme Council for Scotland.

#### IRELAND.

The jurisdiction of the Supreme Council for Ireland is, by design or by the Masonic system which exists in that Kingdom, confined to Ireland itself. The Supreme Council has not, so far as the Committee is aware, subordinate bodies in the British Colonies or in foreign countries. It appears to be conservative in government and in policy, and it rarely publishes facts concerning itself, beyond its financial statements; but probably its reticence and its modesty are not without advantages. This is in striking contrast with the practice which prevails on this continent. Nevertheless, the Supreme Council for Canada would be glad of opportunity offered for closer personal friendship than is now possible with its members. In a former report of the Committee reference was made to the fact that in Ireland the Order of Rose Croix was under a government of its own, and that it appeared to be, to some extent, independent of the Supreme Council. The fact will be observed by a reference to the transactions of the conference of the Supreme Councils for the Kingdom, held at Edinburgh this year, and quoted from the Reporter of the Supreme Council for Scotland, in preceding pages, that that system is now practically ended; or, rather, that by general consent in Ireland, the system hitherto prevailing in regard to the Rose Croix is brought into conformity with the general custom of the Rite. The Grand Secretary General of the Supreme Council for Ireland, Ill.: Bro.: Davoren, in a letter to our Grand Chancellor pointed out that the mode of reference to the subject in last year's report of this Committee was not as exact and as clear in its definitions as it might have been. The committee can only express regret that the slight observations which it made upon the subject were open to criticism, and it can say that there was no intention of doing more than to make a simple, unbiased statement of conditions. It fraternally asks that this explanation may be accepted. The Committee notes with satisfaction the general approval with which the settlement of the matter has been received. In all the charitable works in which the fraternity in Ireland is interested the Rite is ever an efficient helper.

## SUPREME COUNCIL NORTHERN JURISDICTION, U. S. A.

The annual meeting of the Supreme Council for 1905 was held at Indianapolis, Indiana, beginning September 19. In advance of publication of the transactions, the Committee acknowledges the courtesy of Ill.: Bro.: Codding, Secretary-General, in giving opportunity to print the information here given. Ill.: Bro.: Palmer presided at the session, and there were present thirty-eight active members and one emeritus member, and about one hundred and fifty honorary members. Of the whole active membership three only were absent. No member of our Supreme Council was able to be present at this session. The record states that by direction of the Sovereign Grand Commander, the Grand Secretary-General called the roll of members of the Union of 1867—when two Supreme Councils then existing in the Northern Jurisdiction united to form the present Supreme Council—and in the solemn hush of earnest attention the survivors answered to their names. Of the “Fifty-seven,” fifty have passed from earth forever. Five responded to the call, and were most warmly greeted by the assembled brethren. They were:

Ill.: David Burnham Tracy, 33°,  
M.: P.: Henry L. Palmer, 33°,  
P.: Samuel Crocker Lawrence, 33°,  
Ill.: Abraham Tolles Metcalf, 33°,  
Ill.: Francis Asbury Blades, 33°.

Two other survivors, Ill.: Bros.: Walter Augustus Stevens, 33°, and William Pitt Preble, 33°, were unavoidably absent.

One of the Indianapolis newspapers, referring to the incident, said:

“Perhaps the most solemn moment of all the sessions of the Council came when, under the Grand Commander’s address, the roll call of the ‘Old Guard,’ or the members of the Supreme Council of the year 1867, was called. A breathless stillness settled over the auditorium as Grand Secretary Codding read off the names. This feature of the Council’s proceedings has come to be looked upon with reverence, for with each year’s session some member has passed into the other world. When all the names had been pronounced yesterday only five had responded and remained standing in their places as is the custom. As each had risen the applause bespoke the esteem in which the patriarchs of Masonry are held by those whose steps are firmer. As a recess was at this time taken these surviving brothers were the recipients of sincere demonstrations of affection and respect.”

One brother who was on the roll of the fifty-seven died during the year—John Caven, of Indianapolis. This venerable brother was in his eighty-second year. In his memory and to that of Brother Marquis F. King, of Portland, Maine, the Sovereign Grand Commander paid eloquent tribute. The affairs of the Supreme Council, and indeed of the Rite under it generally, are in good condition. Ill.: Bro.: Palmer said, among other things:

“It is pleasant to note the constantly increasing proficiency of the officers of Subordinate Bodies and the members of the Rite generally in the work

of conferring the degrees and teaching the great truths of Scottish Rite Masonry; the improvements constantly being made in the buildings occupied by the Rite, and their accessories for properly performing the work for which subordinate bodies are organized; the fraternal harmony among the craftsmen everywhere existing throughout the Jurisdiction; and the result accomplished during the year, including the great number of candidates who have been enlisted under the banner of our Order and to whom the knowledge of the mysteries and principles sought to be taught by the Rite has been imparted. The great progress made in all branches of the work cannot but be pleasing and exceedingly gratifying to all."

While the number of admissions to the Rite in the year ending June 30, 1905, was not quite as large as in the previous year, the net result was a considerable increase in the membership as compared with 1904, as will be shown by the following:

	1904	1905
Fourteenth Degree, members.....	41,335	44,964
Eighteenth Degree, members.....	37,658	40,572
Thirty-second Degree, members.....	36,887	40,070

The revenue of the Supreme Council for the year was \$63,816.54, of which \$35,133 came from the subordinate bodies and the balance from fees for the Thirty-third degree, interest on deposits, and other investments and the like. The expenditure amounted to \$26,481.23, leaving \$36,844.14 to be added to the permanent fund. That fund now amounts to \$328,843.53.

The Thirty-third degree honorary was conferred upon fifty-one brothers; and six active members of the Supreme Council were created and crowned.

Referring to the matter of the proposed International Conference, Ill.: Bro.: Palmer, speaking of the action taken by the Northern Council last year, when he was authorized to send three delegates to that conference, if he deemed that course advisable, said:

"It soon became apparent that the convention would be, as in fact it has been, postponed until a later period, and the Grand Commander has not had occasion, as yet, to take any action under the authority thus conferred upon him. I present, in this connection, the letter of the Supreme Council for Belgium, and also a letter from Ill.: Bro.: Jean Marie Raymond, Sov.: Gr.: Commander, of the Supreme Council for France and Dependencies, on this subject, in which he strongly urges us to take part in the convention. Our brethren on the Continent and of many of the other Supreme Councils seem quite anxious for the proposed congress. Of the English-speaking Supreme Councils, that for the Southern Jurisdiction of the United States has favored the project and appointed delegates, while those for England, Scotland, and Ireland, as correspondence seems to indicate, have decided not to participate in the convention; while the Supreme Council for Canada and ours have, as yet, taken no more definite action than that taken by this Council at its

last session, to which I have referred. It is quite evident that if the proposed congress shall be held, it will not convene before next year—probably in the early part of the summer, and at Brussels. In considering the propriety of holding such a convention of the representatives of the Supreme Councils, many questions suggest themselves for consideration. Much good to the Scottish Rite may result from an international conference of the leading members of the several Supreme Councils, such as is proposed, or much harm and confusion may be the outcome, dependent upon the spirit with which its proceedings may be conducted, and what may be done by it, or left undone. To convert the convention into a permanent International Body of the Rite, with authority to enforce its decrees (and without such power, it would be a nullity), would seem to be an unnecessary proceeding and one fraught with grave consequences, and by no means free from danger. Is there really need for other action at such a conference than an interchange of fraternal courtesies and fraternal intelligence? We have never heretofore had any supreme international organization, clothed with authority over any other branch of Masonry. There are in the United States of America forty-six Grand Lodges of Ancient Craft Masonry, each one of them independent of all others. There are over one hundred Grand Lodges in the world, and yet Ancient Craft Masonry has been well and satisfactorily governed and all questions which have arisen affecting that branch of Freemasonry, to the full extent to which similar questions can affect the Scottish Rite, have, in the main, been satisfactorily settled without the intervention of a National or an International Grand Lodge. I am quite aware that we have in our country national bodies governing Royal Arch, Cryptic, and Templar Masonry. It is yet an open question with many of our brethren, whether the system of governing Ancient Craft Masonry by independent Grand Lodges is not, after all, more satisfactory than is the government of the other branches of Masonry by their national heads. On the other hand, an international meeting of delegates from all the Supreme Councils and a free conference and interchange of opinions and of information, and the cultivation of personal and fraternal acquaintance with each other, may be productive of much good. The time has now arrived when it is due to the projectors of the proposed congress that this Supreme Council should take final action, and either agree to participate in the Congress, or if its judgment shall be adverse, to courteously decline to do so. Whatever may be the decision, we cannot but appreciate the motive with which our brethren of the Supreme Council of Belgium entered upon the undertaking, and the zeal with which they have labored to make successful the effort to secure a convention of representatives of all the Supreme Councils in the interest of Scottish Rite Masonry throughout the world."

This matter was sent to a Special Committee, and the subsequent report is as follows:

Ill. Bro. Barton Smith, 33°, from the Special Committee on proposed International Conference, presented the following report:

"To the Supreme Council: Your Special Committee, to whom was referred the invitation extended by the Supreme Council for Belgium to appoint delegates to confer with the Supreme Councils of the Ancient Accepted Scottish Rite, would respectfully report, that in our judgment a conference between the Supreme Councils of the world, recognized as such by our Supreme Council, may advance the interests of the Rite, and we would therefore recommend:

"First, That the Sovereign Grand Commander be authorized to appoint three delegates to represent this Supreme Council at such conference or conferences of the Supreme Councils of the Ancient Accepted Scottish Rite of the world as have been or may be recognized by this Supreme Council, for the purpose of considering and recommending action to the Supreme Councils of the Ancient Accepted Scottish Rite, looking to the protection and promotion of the interests of Scottish Rite Masonry.

"Second, That proper commissions and letters of authority be issued to such delegates under the seal of this Supreme Council.

"Third, That the necessary expenses of the delegates shall be paid by this Supreme Council."

The report was adopted and subsequent action left to the Sovereign Grand Commander.

The Supreme Council was visited during its session by Ill.: Bro.: James D. Richardson, Sov. Grand Commander of the Southern Jurisdiction, who was received with all the honor of his rank.

The Sovereign Grand Commander reported that on 8th June last he had visited Toledo, and had consecrated to the uses of the Rite a new Masonic Hall just erected in that thriving city. There was at the time a reunion of the Rite, and, indeed, of all the Masonic organizations, including a meeting of the Court of Deliberation. One of the members of this committee (Bro.: Ellis) had the good fortune to be present on that interesting occasion, and enjoyed for a part of three days the hospitality and companionship of the Toledo brethren. From Bro.: Palmer, who was in the best of health, from our representative at the Northern Council, Ill.: Bro.: Barton Smith, who is a resident of Toledo, and from Ill.: Bro.: Brenton D. Babcock, the Commander-in-Chief of the Council of Deliberation, he received courteous attention, and from the brethren generally every evidence of their good feeling. It was a most interesting and very helpful occasion, and the hope may be expressed that harmony and continuous prosperity will attend the brethren of Toledo so that they may thoroughly enjoy the results of their Masonic spirit and energy.

The proceedings of the Council of Deliberation of the State of New York, over which Ill.: Bro.: Wm. Homan presides, contains this year a vast amount of information on matters connected with the progress and development of the Rite in America, and is in many respects one of the most notable and interesting publications connected with this branch of the fraternity. It is a marvel of careful research and compilation.

## FRANCE.

The Supreme Council for France courteously sends us its Transactions annually. This Council consists of twenty-six active and a few honorary members. Apparently the brethren who are classed as honorary have formerly been active members, for there are others of the Thirty-third degree who are not of the Council. Reference has been made on previous occasions to friction which has existed between the Supreme Council and the Grand Lodge of France, as to the powers of the Grand Lodge. It will be remembered that some years ago the Supreme Council controlled the Lodges (the Scottish Rite Lodges) of the first three degrees, which were really of its own creation, but after an agitation which was carried on for some years it acquiesced in the formation of a Grand Lodge which should be the representative body of the Lodges. A constitution was agreed to on that principle, with, however, clauses in it which retained the continuity of the Scottish Rite system from Entered Apprentice to Grand Inspector-General. These clauses created the difference of feeling which has arisen. One provision was, and it seems to have been the most canvassed and to have caused most trouble, that the power of originating, or, as we would express it, chartering Lodges, remain in the Supreme Council. Now the Supreme Council has agreed that the Grand Lodge itself shall deliver the warrant of constitution to all new Lodges of the first three degrees. This is the law since July, 1904, and it will probably end the differences which have afflicted the Scottish Rite Masonry in France. Throughout the whole agitation the Supreme Council has had a difficult part to play, as it would naturally desire to preserve the form of government which it has inherited; and, possibly, its views would be shared by many ordinary members of the Rite. Its sincere desire for harmony and to preserve peace has moved it to the line of action which is now established.

There exists under the system in France what is called the Central Council. Its duties appear to be advisory rather than absolutely legislative. It is composed (1) of all the active members of the Supreme Council; (2) of all subscribing members of the Rite of the degrees from the Nineteenth to the Thirty-third; (3) of representatives of Lodges of Perfection and Chapters and other higher bodies. The Chapters have a delegate for every thirty members or fraction of twenty members, and the Lodges one delegate for every thirty members and fraction thereof. The Presidents of the Rose Croix Chapters and of the higher bodies are also representatives.

In the year 1904 the Supreme Council inaugurated a Lodge of Perfection at Paris, and an Areopagus of K—h at Avignon. There are on the roll ten Councils K—h, twenty-five Chapters of Rose Croix, four Lodges of Perfection.

As has been before pointed out, the Freemasonry of France interests itself in many matters which under our system are not brought into the Lodges or other bodies. There is, for example, a report of the proceedings of the fete in honor of Peace. It is stated in the Transactions that this fete, which was

celebrated on 18th of May, 1904, in a great many of the bodies, "tends to become a traditional observance. It belongs to Freemasonry, as the friend of peace and of fraternity, to accentuate the value of these manifestations and to work with greater energy than ever in support of movements to submit all disputes and conflicts to arbitration." The Lodges "Cosmos," at Paris, on the occasion mentioned, had in charge the management of the proceedings. To give greater strength and eclat to the proceedings the doors were opened to others than Masons, and numbers of members of, and delegates from, peace societies and philanthropic associations, including eminent public men, and some ladies, were present. Leon Bourgeois, formerly President of the Council of Ministers of France, and President of The Hague conference in 1899, was to have been present, but a death in his family kept him away. There were many brilliant addresses, and one of the incidents of the meeting was the crowning by Mme. Segond-Weber of a bust of Frederic Passy, the Apostle of Peace. An address was voted, expressing gratification with the action of the President of France (M. Loubet) and M. Combes, President of the Council of Ministers, and of Bro.: Leon Bourgeois, upon the signing of the recent peace treaties. The glowing account of this festival which appears in the "Compte-Rendu" closes with an expression of the hope that the world over Masons will observe the 18th of May in order to glorify the first efforts and the first results of The Hague conference, and the establishment of the principle of arbitration, for that date marks a new epoch in the efforts to suppress human slaughter, to raise the standard of peace, and to hasten the fraternity of nations.

The festival of the order was celebrated on 18th December, 1904. This feast brings together all of the different branches of the Scottish Rite, and summaries are given in the "Compte-Rendu" of the general business of the order as transacted in these branches. Ill.: Bro.: Raymond, Sov. Grand Commander, presided. The report of the Grand Secretary of the Grand Lodge of France showed that six new lodges had been established in the year, three of them in Paris. There are in all seventy-five lodges, with about three thousand Masons, under the Grand Lodge of the Scottish Rite. The reports of the high grades showed a reasonable degree of progress under the Supreme Council. The Grand Chancellor made a general review of the condition of the Rite everywhere, and he was good enough to observe that in North America, including Canada, the conditions are brilliant. "In all the Anglo-Saxon countries the Scottish Freemasonry marches from success to success, winning the good opinions of the world."

There are several papers of interest in this publication, including a study of the "Order of the Eastern Star," of which Ill.: Brother Raymond, who writes the article, approves.

The Supreme Council for France heartily approves of the idea of a conference of Supreme Councils, as referred to in the preceding pages, but Ill.: Brother Raymond, with a discriminating pen, suggests its limitations as well as its duties.

## BELGIUM.

The Bulletins of the Supreme Council for Belgium (No. 47) brings its proceedings down to November, 1904. Its contents afford many evidences of the cultivated taste, the ripe scholarship, the philosophic spirit, which animate the Scottish Rite in Belgium. Addresses of great interest, and covering many important studies, are printed; and these addresses are usually the particular observations made by the "Orator of the Day" upon the admission of a candidate to some of the higher degrees. There is a regulation of the Rite in Belgium which provides that no brother shall be proposed to pass from the Twenty-eighth to the Twenty-ninth degree, from the Twenty-ninth to the Thirtieth, from the Thirtieth to the Thirty-first degree, unless it is proven that he has come to the Chancery of the Supreme Council, or to the Secretarial of his Areopagus, and given the necessary time to read attentively the ritual of the last degree which he has received. This fact has to be definitely established. The Grand Chancellor's office is open for the purpose at a stated time. Between the 15th December and 15th May the Grand Commander is present one day in the week for an hour to meet brothers who may wish to consult him on the business of the fraternity.

Nearly thirty pages of this number of the Bulletin are occupied with a history of the action taken by the Sovereign Grand Commander of Belgium, Count Goblet d'Alviella, in regard to a conference of Supreme Councils, and of the views taken of the matter by several other Supreme Councils. Sympathetic responses were given in the year 1903 by the Supreme Councils for Mexico, Ireland and France. But at a later date the conference of the Supreme Councils of the mother countries holding that there were so many difficulties in the way of such a conference, that it was not advisable to proceed further at present in the matter, practically withdrew the Irish Council from its adhesion to the scheme. Various other Councils, as that of Central America, the Argentine Republic, and Colon, gave their assent to the plan, but inasmuch as in the last year (1904) there were not cordial acceptances of the scheme, the Illustrious Sovereign Grand Commander, as has already been stated, for the moment withdrew his request for an immediate conference. This was communicated to the Supreme Council by letter on March 22nd, 1905. There is added a note to the account to the following effect. "At the moment of putting this to press we have received a communication from the Sovereign Grand Commander of the Supreme Council for Canada. He informs us in the most friendly way that he has given his adhesion to the project of the conference, from which he believes great benefits would result to the different Councils." He adds that he is disposed to attend the session in person. "We regard," says the Belgian authority, "this acceptance as of the highest importance for the execution of the plan which we have submitted to the several Supreme Councils." It appears that only the Councils for Argentina and Central Republic had at all discussed the programme of Illustrious Brother d'Alviella, and he regrets this, for, he says, "if we were in possession of an answer, concerning these points, from all our Sister Supreme Councils, we

could draw from them a platform that would dispel objections, and clear the ground, so as to obtain a more general adhesion to the meeting of a convention." There is always an excellent summary of foreign Masonic intelligence in this carefully edited Bulletin, and this particular number contains obituaries of some eminent Belgian Masons who died in 1904.

#### EGYPT.

The Committee has carefully examined a number of papers submitted to it in regard to the Rite in Egypt. As far back as 1891 the Committee called the attention of Supreme Council to the disorganized condition of Masonic affairs in that country, and to the variety of claims set up by conflicting authorities. For a number of years our Supreme Council, following the information and the advice given us by the late Ill.: Bro.: Pike, recognised the body at Cairo. But, in consequence of the difficulties which grew up between rival organizations, based largely upon allegations of improper proceedings by the Cairo Council, and which intensified as time went on, it was thought better not to attempt to decide between the claimants, but to drop Egypt from the list of countries whose Supreme Councils were recognized by us. This has been the position of the Supreme Council for the past few years. Indeed, there was at one time a suggestion made that in view of the fact that Egypt was practically under the control, or at least, the influence of the United Kingdom, it might be well if all the Councils would concur in leaving to the English Supreme Council the arbitrament of the whole matter. This view has not been accepted. Both France and Italy have influence in Egypt, and the Masonic authorities of these countries would scarcely be willing to allow the Supreme Council for England the control, even if that Council were willing to accept. The papers before the Committee give no idea whatever of the number of bodies of the Rite which exist in Egypt, or whether there are any, beyond the parties directly interested in the disputes. Among the papers is one in English, written with much vigor, by Joseph Sakanini, of the authority at Alexandria, who claims for that authority existence since 1864, and to be legitimately in control of the Rite. He states that he lately visited Brussels and Paris, and that he satisfied the Supreme Council in each of these places of the legality of his body, and to have their assurance that they will uphold it. The published proceedings of these Supreme Councils do not supply, so far, information to that effect. The "Compte-Rendu" of France 1905, is blank under the heading Egypt; there is no name of Grand Commander, Grand Secretary, or Representative. In the Belgium Bulletin, printed in 1905, Cairo is given as the place where the Supreme Council for Egypt has its see, but there is no name of an officer or of a Representative. The fact may also be stated that in the Bulletin of the Southern Supreme Council, U. S. A., under the heading Egypt, Cairo is mentioned as the place of sitting of the Supreme Council, but there is no other information, nor is there any evidence in the latest proceedings of the Northern Supreme Council that that body recognizes any authority for the Rite in Egypt. Of course, it is quite possible that Bro.: Sakakini's communications with these Councils have

taken place since the proceedings were printed. In the meantime this Committee has received a communication sent to it by the Secretary-General (Bro.: Ballard), which he has received dated Cairo, November 1, of the present year, and signed by Guglielmo Sierra, Grand Secretary-General of the Supreme Council at Cairo, in which that brother advises us of the existence of the Supreme Council at that place, and protests against the assumptions of authority set up at Alexandria. There is unquestionably a body at Cairo which claims to be the regular Council, and to have existence of over forty years. Its Grand Commander is Dr. Onofrio Abbate Pacha. At least, he held that position in January, of the present year. The long letter of Bro.: Sakanini gives us the information that there are three contestants in Egypt for the Supreme authority. This Committee is of opinion that for the present no action need be taken by the Supreme Council for Canada, and no change of its position is necessary at the present moment. It can await examination of the reported action of the Supreme Councils of France and Belgium, when that action is communicated. Or it can hope that if there be a conference of the Supreme Councils a definite settlement of the question of the legitimacy in Egypt of the three bodies struggling for supremacy would be generally accepted as final. The Masons of Egypt ought to endeavor to heal their difficulties among themselves, and they could then strongly appeal to the Masonic world for recognition.

#### ARGENTINE REPUBLIC.

The Committee has received two numbers (May and June) of the Official Bulletin of the Supreme Council of the Argentine Republic, published at Buenos Ayres. Under the Argentine system there is a close union of all branches of Freemasonry in that republic. The Supreme Council, which is the "dogmatic power" of the system, has, at its head, Emilio Gouchon, as Grand Commander, and Bro.: Faustino Jorge as Secretary-General. Next to this is the "executive authority" of the order, of which Bro.: Pablo Barrenchea is Grand Master, and the whole is supplemented by the "legislative authority—the Grand Lodge," over which presides as President the Ven. Grand Master, Bro.: Luis M. Arzac. There are in the republic about eighty Lodges subject to the Argentine authority, and nearly twenty other Lodges, recognized, under English, French, Italian, or other authority. In Buenos Ayres some of these foreign Lodges meet at the same centre as the Argentine Lodges. The Supreme Council on March 4, 1905, made formal communication to all the bodies of its obedience of the death of Illustrious Brother Albert D. Nelson.

The Argentine Freemasonry is deeply interested in a project for a "universal congress" which is to be held in Buenos Ayres on the 20th, 21st, 22nd and 23rd September, 1906. This is an outgrowth of the universal congress which was held in Rome in 1904. That congress resolved that the next meeting, or rather meetings, should be at Barcelona, Spain, and Buenos Ayres, Argentina, simultaneously. The call is addressed to the friends of free thought, to the

Masonic Lodges, and to the Liberal Associations. Subsequently the management determined to have the one meeting, and that in Buenos Ayres. Many of the questions which are to be discussed at this universal congress are questions which by general consent in this country are not regarded as "Masonic work" in any form.

#### BRAZIL.

An important treaty of amity and friendship has recently been concluded between the Masonic authority of Brazil and that of Argentina. In Brazil the whole government of the fraternity is under control of a Grand Orient, in which the Supreme Council is a part only, and in which also several rites are recognised and represented. Only one number of the Monthly Bulletin, the official organ of Brazilian Masonry, came under the notice of your Committee, but that number seems to indicate progressive and harmonious conditions.

---

There are suggestions before the South American organizations for a congress or union of some kind of all the Councils or supreme bodies from Mexico to Paraguay.

Indeed, from many quarters there are not alone utterances in favor of a more thorough understanding than now exists between governing Masonic bodies, but there is actual work done in that direction. The authorities of the "International Office for Masonic Relations" at Berne, Switzerland, presented to the Grand Lodge, Alpina, at its sitting on 25th June, a history of that office, in which the progress made in the past few years is set out. The first international congress of Freemasonry was held at Paris in 1888, during the time of the Universal Exposition of Arts and Industries. There have been several gatherings more or less effective since, at different centres, but each meeting develops the necessity for another, and so the work is progressing. A "universal good understanding" between legitimate Freemasons everywhere is a work of the most desirable kind. The Lausanne convention of certain Scottish Rite Supreme Councils was older than the international movement which has its centre in Switzerland at the present time, but the Lausanne movement was limited to the Scottish Rite for the particular purpose of the Rite only. The new plan embraces more, and while the Committee has not been able to examine it sufficiently to justify a general recommendation of all of its ideas, it has done enough to satisfy it that its scheme is worthy careful inquiry and examination. It is one of the steps, apparently, in the direction of the work of universal brotherhood, for which we are all laboring. Its address is Ed. Quartier la Tente, 24 Evole, Neufchatel, Switzerland.

As these pages are being closed the Grand Secretary-General has received the sorrowful announcement of the death on December 21 of Ill.<sup>o</sup>. Bro.<sup>o</sup>. Philips, Past Sovereign Grand Commander of the Supreme Council for England.

Also of the death of Ill.'. Bro.'. Brenton D. Babcock, of Cleveland, Ohio.

The Rite has suffered a severe loss by the death of these Illustrious Brethren.

All of which is respectfully submitted.
